Hollywood or History? Sarah J. Kaka, 2022-01-01 The rationale for the present text Hollywood or History An Inquiry Based Strategy for Using Film to Teach About Inequality and Inequity Throughout History stems from two main things First and foremost is the fact that the reviews of the first two volumes in the Hollywood or History series have been overwhelmingly positive especially as it pertains to the application of the strategy for practitioners Classroom utility and teacher practice have continued to be the primary objectives in developing the Hollywood or History strategy The second

thing is that this most recent volume in the series takes it in a new direction rather than focusing on eras in history it focuses on the themes of inequity and inequality throughout history and how teachers can utilize the Hollywood or History strategy to tackle some of the more complicated content throughout history that many teachers tend to shy away from There is a firm belief that students connection to film along with teachers ability to use film in an effective manner will help alleviate some of the challenges of teaching challenging topics such as inequity and inequality in terms of gender race socioeconomic status and so much more The book provides 30 secondary lesson plans grades 6 12 that address nine different topics centered around inequity and inequality throughout history many of which connect students to the world we are living in today The intended audience for the book are teachers who teach social studies at the 6th 12th grade level both in the United States and other countries An additional audience will be college and university social studies history methods professors in the United States and worldwide

**need to obtain top marks** Marieta Nel, 2019-02-01 Afrikaans is a learner friendly guidebook which caters for additional language learners who want to achieve better marks in Afrikaans. This practical guide contains explanations in English and is filled to the brim with examples. It explains tests and exams used for both the DBE and IEB and was written by a panel of educational experts who understand the needs of additional language learners. This book is completely up to date. The Afrikaanse Woordelys en Spelreël AWS has just been re-issued, blindsiding many a teacher with the changes in Afrikaans grammar rules. While the AWS is seen as the touchstone for Afrikaans language practitioners, it could be a daunting book to use in the classroom. Afrikaans was written with the most recent changes to the AWS in mind and presents these grammar rules in a clear practical manner. Every chapter in the book also offers free online support exercises, answers and examples which will be kept up to date by the panel. The book contains six sections: 1. Comprehension Begrip: This explains how you should approach a comprehension test, how to look for the answers and provides tips on how to understand the questions. It also explains how to make summaries. Visual texts such as cartoons, graphs and maps are also explained. 2. Grammar Taal: This is a step-by-step guide to understanding the how and the why of Afrikaans grammar. You will be guided with English explanations and Afrikaans examples on things like word order, tenses, adjectives, adverbs, time numbers, plural and diminutive forms, the negative, active and passive voice, pronouns, participles and abbreviations. There are sections offering basic knowledge to help the struggling learner through the exam. But there are also more advanced sections for the learner who wants to get an A and for the teacher who wants to become familiar with all the changes in the AWS. 3. Literature Literatuur: Everything you need to know about prose, drama, short stories and poetry. What is the difference between a metaphor and a simile? Who is the protagonist and who the antagonist? We use simple explanations and good examples of all these and other literature terms. 4. Oral Mondeling: The book contains practical pointers on how to prepare for different kinds of oral, such as interviews, prepared speeches, introducing and thanking a speaker, roleplay, how to make a vlog and how to discuss the booklist you have to read for grade 12. Examples of all these are given and more are provided online. 5. Vocabulary Woordeskat: You will always need vocabulary for essays and orals. With the most recent vocabulary on food, technology, life after school, sport and lots more, you will be well prepared. 6. Written work Skryfwerk: This section starts with a step-by-step approach to writing, how to choose a topic, how to do your planning, what not to use in an essay and how to end your story. The examples of all the different types of written work, essays, long and short transactional writing and tips on each will help you to master each one. Online you will be able to read through more examples.
