– A Garden is the best place in the house according to me. As it is the only place where a person can get relief from a busy life. Moreover having a garden in the house welcomes many health benefits. For instance, a garden has many plants that give oxygen.

Furthermore, the smell of the flowers can refresh a person's mind in the morning. However, in this era, people are not able to build a garden, because of the lack of space. And also some think that it is a waste of space. So the gardens are no more present in the house. On the other hand gardens in the houses are necessary. In order to lead a peaceful life, a garden plays a major role.
