

Memorable Day in My Life

A memorable day in my life was when my family took a spontaneous road trip to the beach. We packed a picnic basket with sandwiches and snacks and piled into the car with excitement. The journey was filled with laughter, singing, and games. When we arrived, the sight of the vast ocean and the sound of crashing waves mesmerized us. We spent the day building sandcastles, splashing in the water, and collecting seashells. As the sun set, we huddled together around a bonfire, roasting marshmallows and sharing stories. It was a simple day, but the happiness and togetherness we felt made it unforgettable.

Letter's from Tomas Amaranth J Warren,2018-12-12 Connected throughout time and space were a man and a woman Although they had yet to meet there was a knowing deep in their souls of a love they shared Do you have a longing that you can t quite put your finger on Does the twin flame phenomena stir something inside you It took me well into adulthood to finally find the courage to peer into the realms of my soul where the Pleiadian elders held my hand connecting me with Tomas within the twin flame phenomenon What does a person do when they are shown a wormhole to a different dimension by entities that have time traveled down to a mere thought wave Letters were shared by my intangible mate and not one in pen My beloved Tomas and the Pleiadians led me on a journey to my destiny Only the wildlife that shared the woodlands where the little stone cabin rested were to bear witness of the esoteric events that unfolded that summer where the river runs north Telepathic energies allowed me to learn much from the previous unfamiliar realms of my mind validated by the Pleiadians who in turn shared timeless and insightful lessons for anyone to read and follow thirty in all The Pleiadians my teachers my guides and my friends influenced the principles in this book with their wisdom to share with those seeking to raise the vibrations of the planet with the twin flame unions Through my personal mission I learned the intricate details of the power of thought and how the simplicity of the little things we take for granted are in fact the big things linking us telepathically to our collective subconscious Past present and future come full circle when we look inside the origins of our soul
