**The Art of Plato** R. B. Rutherford, 1995 This book is not a study of Plato's philosophy but a contribution to the literary interpretation of the dialogues through analysis of their formal structure characterisation language and imagery Among the dialogues considered in these interrelated essays are some of Plato's most admired and influential works including the Gorgias the Symposium the Republic and the Phaedrus Special attention is paid to the personality of Socrates Plato's remarkable mentor and to his interaction with the other characters in the dialogues Rutherford also includes detailed discussion of particular problems such as the sources for our knowledge of Socrates the origins of the dialogue form Plato's use of myth and the totalitarianism of the Republic The combination of sympathetic literary criticism with exact historical scholarship gives *The Art of Plato* its special qualities

*The Routledge Companion to Research in the Arts* Michael Biggs, Henrik Karlsson, 2010-10-04 The Routledge Companion to Research in the Arts is a major collection of new writings on research in the creative and performing arts by leading authorities from around the world It provides theoretical and practical approaches to identifying structuring and resolving some of the key issues in the debate about the nature of research in the arts which have surfaced during the establishment of this subject over the last decade Contributions are located in the contemporary intellectual environment of research in the arts and more widely in the universities in the strategic and political environment of national research funding and in the international environment of trans national cooperation and communication The book is divided into three principal sections Foundations Voices and Contexts each with an introduction from the editors highlighting the main issues agreements and debates in each section The Routledge Companion to Research in the Arts addresses a wide variety of concepts and issues including the diversity of views on what constitutes arts based research and scholarship what it should be and its potential contribution the trans national communication difficulties arising from terminological and ontological differences in arts based research traditional and non traditional concepts of knowledge their relationship to professional practice and their outcomes and audiences a consideration of the role of written spoken and artefact based languages in the formation and communication of understandings This comprehensive collection makes an original and significant contribution to the field of arts based research by setting down a framework for addressing these and other topical issues It will be essential reading for research managers and policy makers in research councils and universities as well as individual researchers research supervisors and doctoral candidates
