Craver,2019-08-01 By becoming practical futurists school librarians can help their libraries not only to survive sweeping changes in education but to thrive This book shows how to spot technological trends and use them to your library s advantage During this time of rapid modernization of technology and educational reform this book is a must read for school librarians tasked with ensuring their libraries meet evolving standards This title provides the research and organizational techniques and skills they need to gain seats at the table of the three power committees technology curricula and strategic planning School librarians need to collect and publicize national and local school based evidence that shows the positive correlations between school librarians and student achievement Craver notes correlative sources and provides ideas to employ them to ensure that school librarians remain indispensable In addition acquiring technological skills and becoming expert at their application are paramount for librarians Even more important is the need for librarians to assume sole responsibility for designing and integrating information literacy and critical thinking skills throughout the curriculum Craver analyzes studies that show students inability to discern fact from fiction ads from news and information bias in electronic information sources and recommends six actions that school librarians take to ensure that they become active participants in their future rather than its victims Conducting Action Research to Evaluate Your School Library Judith Anne

Sykes,2013-05-01 How should teacher librarians or instructional leaders engage in action research to improve their school library and benefit students learning This book provides the answers Teacher librarians need to get directly involved with the research process in the learning commons in order to create actions and strategies that will enhance student learning and benefit their own professional development as well as demonstrate accountability through their action research efforts This book provides practical tips and work spaces for educators at the local state and national levels clearly modeling and explaining the process and the tools for conducting action research in a school library setting that will identify the program s strengths and weaknesses The author coalesces current expert opinions on the topic of action research in the school library environment and highlighting what other teacher librarians in the field have identified as the pros and cons of using the

process Readers are directed to focus on mitigating the cons through the use of specific working pages and templates and by initially exploring five favorite links thereby encouraging those who are new to action research to try what might otherwise seem a daunting process School principals K 12 who read this book will be better equipped to support their teacher librarians and teachers in this important professional process **Readers' Guide to Periodical Literature** ,1922 List of Books for Free High School Libraries in the State of Wisconsin ,1900
