*Down the Road* Bowie Ibarra,2006-05 A bizarre plague of the walking dead A nation desperate for survival It could be the end of the world Around the globe the dead are rising to devour the living Hospitals are overrun and martial law has been declared The streets are in chaos Society is disintegrating George Zaragosa is a young school teacher living in the shadow of his fiancé s unsolved murder Now he just wants to go home to his family He s made the journey before traveling from Austin to San Uvalde It s usually a short drive But he knows this time it s going to be different Along the way George must negotiate military roadblocks FEMA camps and street thugs not to mention hordes of the living dead He is determined to make it home but only one thing is certain his trip down the road will be a journey like no other

**Books of the Dead** Tim Lanzendörfer,2018-08-08 The zombie has cropped up in many forms in film in television and as a cultural phenomenon in zombie walks and zombie awareness months but few books have looked at what the zombie means in fiction Tim Lanzend rfer fills this gap by looking at a number of zombie novels short stories and comics and probing what the zombie represents in contemporary literature Lanzend rfer brings together the most recent critical discussion of zombies

and applies it to a selection of key texts including Max Brooks's *World War Z*, Colson Whitehead's *Zone One*, Junot Díaz's short story *Monstro*, Robert Kirkman's comic series *The Walking Dead* and Seth Grahame-Smith's *Pride and Prejudice and Zombies*. Within the context of broader literary culture, Lanzendörfer makes the case for reading these texts with care and openness in their own right. Lanzendörfer contends that what zombies do is less important than what becomes possible when they are around. Indeed, they seem less interesting as metaphors for the various ways the world could end than they do as vehicles for how the world might exist in a different and often better form.

*Zombie CSU*: Jonathan Maberry, 2010-04-19. When there's no more room in hell, the dead will walk the earth. And law enforcement is ready to take them down. Since *Night of the Living Dead*, zombies have been a frightening fixture on the pop culture landscape, lumbering after hapless humans slurping up brains and veins and whatever warm, fleshy matter they can clench in their rotting limbs. But what if they were real? What would happen if tomorrow corpses across the nation began springing up out of their graves and terrorizing the living? Employing hard science and solid police work, not to mention jaw-dropping (literally) humor, *Zombie CSU* is the only guide you need to make it through alive, not undead. At last, you can investigate zombie crime scenes, collecting and analyzing evidence of zombie attacks and create a murder book. Examine the psychology of the zombie and develop a perp profile. Observe medical science pros as they probe felled zombies for forensic clues. Devise a zombie apocalypse survival scorecard and more. Complete with lists of must-see zombie flicks from around the globe and tons of tips for kicking undead butt, *Zombie CSU* features hundreds of interviews with real zombie experts, forensics experts, detectives, filmmakers, and more. Special guest stars: Tony Todd, Brian Keene, Patricia Tallman, David Wellington, James Gunn, Robert Kirkman, Dr. Wade Davis, Robert Sacchetto, *Zombie Squad*, Ramsey Campbell, Kim Paffenroth, Jamie Russell, Michael C.J. Kelly, Bruce, Andy Bohné, and dozens more. Fascinating. An indispensable tool for anyone contemplating tackling a festering corpse onslaught. *Fearzone.com*. Candid, eye-opening, cutting-edge, startling: the existence of zombies may not be so far-fetched after all. *Rue Morgue*.

*Roses of Blood on Barbed Wire Vines*. D.L. Snell, 2012-02-23. Zombies have devoured mankind. And the few survivors would be better off dead because a clan of vampires, bloodthirsty and vicious, have captured the remnants of humanity for livestock. In an apartment building barricaded with wrecked cars, concrete rubble, and snarls of barbed wire, the vampires breed lobotomized amputees. Ann, the secret blood slave of the maternity doctor, has evaded this fate, yet her sister Ellie has not. Though she longs to escape, Ann cannot abandon her sibling and unborn niece. But she may have to if she wants to survive. The living dead have found a weak spot in the barricade and are quickly invading the building. Shade, the vampire monarch, defends her kingdom while Frost, Shade's general, plans to migrate to an island where they can breed and hunt humans. In their path stands a legion of corpses just now evolving into something far more lethal, something with tentacles, and that's just the beginning.

*Thunder and Ashes (the Morningstar Strain)*. Z. A. Recht, 2008-04. A lot can change in three months: wars can be decided, nations can be forged, or entire species can be brought to the brink of annihilation. The Morningstar Virus, an

incredibly virulent disease has swept the face of the planet infecting billions Its hosts rampage attacking anything that remains uninfected Even death can't stop the virus which reanimates its victims as cannibalistic shamblers Scattered across the world embattled groups have persevered For some surviving is the pinnacle of achievement Others hoard goods and weapons And still others leverage power over the remnants of humanity in the form of a mysterious cure for Morningstar Francis Sherman and Anna Demilio want only a vaccine but to find it they must cross a countryside in ruins dodging not only the infected but also the lawless living The bulk of the storm has passed over the world leaving echoing thunder and softly drifting ashes But for the survivors the peril remains and the search for a cure is just beginning **Day By Day**
