Feeling British Evan Gottlieb, 2007 *Feeling British* argues that the discourse of sympathy both encourages and problematizes a sense of shared national identity in eighteenth-century and Romantic British literature and culture. Although the 1707 Act of Union officially joined England and Scotland, government policy alone could not overcome centuries of feuding and ill will between these nations. Accordingly, the literary public sphere became a vital arena for the development and promotion of a new national identity: Britishness. *Feeling British* starts by examining the political implications of the Scottish Enlightenment's theorizations of sympathy, the mechanism by which emotions are shared between people. From these philosophical beginnings, this study tracks how sympathetic discourse is deployed by a variety of authors, including Defoe, Smollett, Johnson, Wordsworth, and Scott, invested in constructing but also in questioning an inclusive sense of what it means to be British.

Rumpelstiltskin's Secret Harry Rand, 2019-12-09 Everyone knows Rumpelstiltskin s story or thinks they do But this innocent seeming tale hides generations of women s shrewd accounts of their relationships with men And the verdict is not flattering The fairytale may count among the world s oldest dirty jokes The theme of the tale an observation repeated and varied throughout mocks male inadequacy in many forms beginning with sexual failure The punchline misplaced over time its wickedly funny insights about adult life passed for childish nonsense The story hides in plain sight criticism of workplace sexual harassment centuries before society took notice of the indignity Rumpelstiltskin tells a feminist tale with lessons for men and women about what women said to each other when they thought their private conversation and complaints passed unnoticed In the story s different versions the Brothers Grimm who recorded the tale missed women s wry observations

Epistolary Histories Amanda Gilroy, W. M. Verhoeven, 2000 This innovative collection of essays participates in the ongoing debate about the epistolary form challenging readers to rethink the traditional association between the letter and the private sphere It also pushes the boundaries of that debate by having the contributors respond to each other within the volume thus creating a critical community between covers that replicates the dialogic nature of epistolarity itself with all its dissonances and differences as well as its connections Focusing mainly on Anglo American texts from the seventeenth century to the present day these nine essays and their postscripts engage the relationship between epistolary texts and discourses of gender class politics and commodification Ranging from epistolary histories of Mary Queen of Scots to Turkish travelogues from the making of the modern middle class and the correspondence of Melville and Hawthorne to new epistolary innovators such as Kathy Acker

and Orlan the contributions are divided into three parts part 1 addresses the feminocentric focus of the letter part 2 the boundaries between the fictional and the real and part 3 the ways in which the epistolary genre may help us think more clearly about questions of critical address and discourse that have preoccupied theorists in recent years In sum Epistolary Histories is a defining contribution to epistolary studies Contributors Nancy Armstrong Brown University Anne L Bower Ohio State University Marion Clare Brant King s College London Amanda Gilroy University of Groningen Richard Hardack Haverford and Bryn Mawr Colleges Linda S Kauffman University of Maryland College Park Donna Landry Wayne State University Gerald MacLean Wayne State University Martha Nell Smith University of Maryland College Park W M Verhoeven University of Groningen **Occupational Diseases and Their Compensation: Byssinosis, radiation, and hearing loss** United States.
