We Ve Already Been There On Feminism And Its Opponents:

We've Already Been There Gizi Rapaport, 2017-09-13 What can and should a woman be This is the essential philosophical question at the heart of this book Feminist literature dealing with women in modern society focuses for the most part on that which disturbs and rankles it discusses the trees without relating to the forest This book attempts to fill that gap it cuts through to the first principles laying conceptual foundations for the demand to eliminate the traditional division of roles between the sexes freeing women from the onus of absolute altruistic morality which may result in emptiness boredom frustration and even emotional collapse However this book is directed at a male audience no less than at females raising questions which necessitate male consideration as well as a willingness to change fundamental perceptions Men may also profit from the past experiences of women the fate of women throughout history has lessons for men as well hence the title of this book with its implicit admonition We ve Already Been There Dr Gizi Rapaport taught philosophy of the social sciences and political philosophy at Tel Aviv University Her Hebrew publications include *Freedom or Equality* 1992 published in English in 2012 *On Feminism and its Opponents* 1993 *Beyond Limits Women vs Women* 1999 *For a Particular Secular Option From Monotheism to Rationality* 2005 and *The Best of All Possible Worlds Confronting the Challenges of Relativism* 2011

De Hart,1992-04-30 Sex Gender and the Politics of ERA is the most profound and sensitive discussion to date of the way in which women responded to feminism Drawing on extensive research and interviews Mathews and De Hart explore the fate of the ERA in North Carolina one of the three states targeted by both sides as essential to ratification to reveal the dynamics that stunned supporters across America The authors insightfully link public discourse and private feelings placing arguments used throughout the nation in the personal contexts of women who pleaded their cases for and against equality Beginning with a study of woman suffrage the book shows how issues of sex gender race and power remained potent weapons on the ERA battlefield The ideas of such vocal opponents as Phyllis Schlafly and Senator Sam Ervin set the perfect stage for mothers to confess their terror at the violation of their daughters in a post ERA world while the prospect of losing ratification to this terror impelled supporters to shed the white gloves of genteel lobbying for the combat boots of political in fighting In the end the efforts of ERA supporters could neither outweigh the symbolic actions of its opponents nor weaken the resistance of those same legislators to further federal guarantees of equality Ultimately opponents succeeded in making equality for women seem dangerous In thus explaining the ERA controversy the authors brilliantly illuminate the many meanings of feminism for the American people **The New-Yorker** Horace Greeley,Park Benjamin,1841 **Great Debates in American History: Civil rights, part 2; with an introduction by W.
