Lando a former investigative producer for 60 Minutes argues compellingly that this ill fated uprising represents one instance among many of Western complicity in Saddam Hussein s crimes against humanity The Shia were responding to the call for rebellion from President George H W Bush that was broadcast repeatedly across Iraq by clandestine CIA stations But just as the revolution was on the brink of success the United States and its allies turned their backs In the end tens of thousands were massacred Because of restrictions imposed by the Special Tribunal prosecuting Saddam Hussein the extensive role of the U S and its allies in his crimes will never be explored at his trial But as *Web of Deceit* demonstrates the nations that now denounce Saddam most prominently secretly backed the dictator from his rise to power in the 1960s and 70s to his offensives in Iran and despite warnings took no action to stop his invasion of Kuwait They also turned their backs when he used chemical weapons against the Iraqi people and persisted in international sanctions long after they had proved ineffective and for hundreds of thousands of Iraqi civilians lethal *Web of Deceit* draws on a wide range of journalism and scholarship to present a complete picture of what really happened in Iraq under Saddam detailing for the first time the complicity of the West in its full and alarming extent [Web of Deceit](#) Frank St. Onge,2025-02-15 It was 1998 and the US economy was booming The new economy would be impervious to recessions and would provide wealth for everyone These new Internet companies were issuing IPOs generating huge dividends for investors and fueling exotic advertising stock options and lavish offices The new measuring stick for success was no longer profitability but eyeballs on their web sites Bob Stone is a young marketing professional living on the north shore of Boston He works for a traditional packaged goods company and happy to be there He s married to a beautiful woman and has two young daughters He wants for nothing Then he s recruited by Steve Manto a young charismatic entrepreneur Bob is enticed by a big salary stock options and a bright future Manto convinces Bob to come on board and soon life is no longer so happy and simple Beneath Steve Manto s charm is an unscrupulous man planning to take advantage of the internet and make a fortune Soon Bob Stone is in over his head as he becomes rich but loses almost everything else With the help of a television crusader Bob tries to battle back *Web of Deceit* mirrors the real internet boom tracking from mid 1998 and the meteoric rise of internet stock through March 2000 when the whole thing crashed Find out if Bob Stone Steve Manto and Goodeats com survived or crashed [The Web of Deceit](#) Chester Alfred Smith,1957 [Evil Web of Deceit](#) Jeannine Dahlberg,2008-09 38413 The shock of entry into World War II proved to be energizing to the nation and to us as a people Rather than the grand actions that historians would have us believe is the story of war these stories are human stories stories of the men who put their life on the line out of a sense of duty of responsibility of patriotism of loyalty to comrades Mostly though their choices came about because they were in situations that gave them the choice of doing what was needed of dying of redemption or for some battlefield situations of escaping into insanity Within the civilian population something can be seen of their effort and their sacrifice that produced the goods of war that made winning possible Not thinking of themselves as heroic or unusual their stories for the most part were unknown to the families
