

WebAssign Information

WebAssign is a web-based homework delivery system that will be used to both deliver and grade homework assignments. The assignments contain various types of questions, including numerical, multiple-choice, and even essay questions. For the numerical questions, each student receives a unique question. The questions are basically the same, but the numbers are randomized for each student.

Why are we using WebAssign?

I have found that to do well in chemistry, you must practice solving the problems. They must be graded or students will not take them seriously.

- WebAssign can immediately grade your homework.
- WebAssign will tell you which problems you got wrong. It will also give you feedback to help you figure out what you did wrong and how to fix it.
- WebAssign will give you a chance to resubmit your answers to improve your score.
- WebAssign helps make homework a learning experience, not a test.

How do I start using WebAssign?

1. The first thing you need to do is obtain an access code. This allows you to log into the WebAssign system. These codes can be obtained by purchasing a WebAssign access code card available at the bookstore. You will have a 10 day grace period in which you can do the assignments without purchasing the access code card.
2. Log on to your Blackboard account (www.selu.edu, link is at bottom of the page frame). Your login is the same as for LeoNet and webmail. If you have trouble, click on the "[Students - Locate answers to your questions](#)" link on the Blackboard sign-in web page.
3. Click on this course to get to our course homepage.
4. Click on the "Course Tools" link midway down the left hand side of the page.
5. Click on the "WebAssign" icon (at the bottom of the list; you may have to scroll down). This will automatically log you into WebAssign.
6. At this point, you will have three choices: buy an access code online, enter an access code from a card you've purchased at the bookstore, or enter without a code (this will only work for the 10 day grace period).
7. Once you login, you will see a list of available assignments.

Do I have to do all the assignments I see?

Yes, but not right away. Due dates for assignments are listed beside the assignment. You are welcome to do an assignment early—but not late.

Can I work with other students or tutors?

Yes, but it is in your best interest to **understand** the problem, not just get instructions on how to get the answer.
