

HOW TO USE WEED EATER SAFETY

Weed Eater Maintenance

- Before you begin to take care of your lawn with a weed eater (or weed trimmer), you should know how to properly take care of your equipment.

The absolute first thing to do is read the instruction manual for your weed eater. After all, if you don't know how to use your tool, the chances of injury increase. Always check your weed eater for damage and wear before you use it, to ensure a damaged part doesn't damage you. One way of doing this is to check the belts and guards on your weed eater, making sure they are not loose or damaged. When making repairs to your tool, be sure to cut the engine off and remove the spark plug to avoid injury.

Using Your Weed Eater

- A weed eater isn't something you can just turn on and use. You have to know how to properly use it to ensure your safety.
