FLI Reveals a Lost Family Found R Curtis Coombs, 2021-10-08 FLI Friends of Legacy and Intrigue Reveals Lost Family Found is a story about finding family history hidden for almost a century. FLI is a mysterious group that has decided to enlighten the narrator's Filipino niece Jets and wife Gemma to previously unknown family from Germany descent. FLI provides clues that eventually take them to the archdiocese archives where two journals are revealed. The problem is that church and government consider the journals too controversial for public release let alone to possible descendants. FLI is very influential pressing the archbishop and others to release the information. The first journal was written by Sara who laments over a family secret involving a queen from the mid 1800s. The second journal is written by her son Aaron who continues their story detailing his struggles from 1930 to 1945 in Germany. The investigations FLI lead Jets Gemma and their companions on quests to find the truth and fate of family during World War II are difficult painful and satisfying. In the end they are left with more to find and a single piece of a puzzle that will not be fully understood until all adventures are successfully completed.
