Migrants, Television and Australian Stories Kate Darian-Smith, Sue Turnbull, Sukhmani Khorana, Kyle Harvey, 2025-05-26

This book examines the intertwined histories of television and migration in Australia told from the perspectives of migrants who worked in the screen industry and the many more who watched television. Their stories demonstrate how Australia's growing cultural diversity has challenged conventional representations of Australianness on television and how ongoing advocacy has supported the growing inclusivity of multiple narratives and diverse experiences on screen. Migrants from many backgrounds were instrumental in the establishment in 1956 of Australian television, working behind and in front of the cameras as producers, directors, writers, technicians, and actors. From early broadcasting to the digital present, portrayals of cultural differences have often been shaped by appropriation, ethnic stereotyping, and racism. This has occurred across a range of formats from drama to comedy to news and reality shows. Many in the industry have responded with resilience and creative adaptation as they have increasingly taken control of the ways that migrant stories are told, and diversity is celebrated. The first comprehensive Australian study of migrants and television, this book considers the ways multicultural audiences have experienced the small screen over seven decades. Drawing on rich oral histories, it analyses the memories of television in the work, school, family life, and leisure of migrant communities and their broader engagements with Australian culture. Research in the archives of broadcasters and production companies reveals how non-Anglo Australian characters were constructed and how such portrayals have shifted. This new history takes us to digital screen production and consumption today, exploring how Australians of many diasporas engage with the global network of screen content in the twenty-first century. It is essential reading for media professionals, advocates, students, and those interested in the intersections between media, cultural diversity, and the nation.

**A Critical History of Television's The Red Skelton Show, 1951-1971** Wesley Hyatt, 2015-05-07. The Red Skelton Show was on the air for 20 years, the longest running primetime network comedy variety series on television. It was a top 10 series for nine years, an accomplishment surpassed only by Gunsmoke and Home Improvement. The series has a few unimpressive achievements too, such as becoming the first top 10 series to be cancelled by a network. Here is the history of The Red Skelton Show, beginning with its debut in 1951, one of the top five that year. The show then declined in popularity, moved from CBS to NBC in 1953, slowly rose back to the top. In its glory days of the 1960s, it became an hour-long show and finished at number two in two different years. The cancellation of the show by CBS in 1970, despite its place in the top 10, was a surprise. The last season back with NBC was a failure. Appendices list cast and crew credits and special guests by season and offer information on the post-Red Skelton lives of many of the principal players.
