Tv Guide On Cableone:

TV Guide ,1986 **FCC Record** United States. Federal Communications Commission,2017 *Television & Cable Factbook* ,2009 *Love and Ideology in the Afternoon* Russell E. Mumford,1995-08-22 Why do I like soap operas Laura Stempel Mumford asks and her answer emerges in a feminist analysis of soap opera that participates in current debates about popular culture television and ideology She argues that the conventional daytime soap has an implicit and at times explicit political agenda that cooperates in the teaching of male dominance and the related oppressions of racism classism and heterosexism so that they seem inevitable All My Children General Hospital Another World One Life to Live Days of Our Lives The Young and the Restless a close reading of their texts will also answer some larger questions about television and its place in the broad landscape of popular culture Plunkett's Advertising & Branding Industry Almanac 2008: Advertising & Branding Industry Market Research, Statistics, Trends & Leading Companies Plunkett Research Ltd,2008-04 Covers the fields of advertising marketing and branding from advertising on radio and television to direct mail from online advertising to branding and public relations to paid search inclusion This book also covers trends in such areas as advertising agencies marketing consultants online advertising branding strategies and more SRDS Tv & Cable Source ,2004 **Music Business Handbook and Career Guide** David Baskerville,Tim Baskerville,2019-01-15 The Twelfth Edition of this powerhouse best selling text maintains its tradition as the most comprehensive up to date guide to the music industry in all of its diversity Readers new to the music business and seasoned professionals alike will find David and Tim Baskerville s handbook the go to source regardless of their specialty within the music field Music Business Handbook and Career Guide is ideal for introductory courses such as Introduction to the Music Business Music and Media and other survey courses as well as more specialized courses such as the record industry music careers artist management and more The fully updated Twelfth Edition includes a comprehensive discussion of the streaming revolution and its impact on all parts of the value chain including composers performing artists publishers and labels The book also analyzes shifts in the competing platforms of consumption ranging from fast shrinking physical formats and broadcasting to downloads and subscription services This edition offers more vignettes than ever illustrating how individuals in different industry roles advanced their careers as well as how they ve adjusted to the intertwining influences of technology law and culture **War on the Middle Class** Lou Dobbs,2006-10-05 Lou Dobbs s bestselling expos of the silent assault on the living standards of ordinary Americans Millions of TV viewers have known Lou Dobbs for years as the Walter Cronkite of economics coverage and now the anchor has become the preeminent champion of the common man and the good of the national interest who tells uncomfortable truths in a voice that can t be ignored In this incendiary book he presents a frontline report on the betrayal of America s middle class by interests that range from rapacious corporations to an out of touch political elite The result is not only lost jobs but also dysfunctional schools and unaffordable health care But War on the Middle Class also outlines a bold program for change As

essential as it is infuriating this book furnishes the talking points for the national debate on income and class Global Media and Communication Policy P. Iosifidis,2011-08-26 Petros Iosifidis addresses an increasingly prominent subject area in the field of media and communications and one that has attracted increased attention in areas such as sociology economics political science and law global media policy and regulation Specifically he considers the wider social political economic and technological changes arising from the globalization of the communications industries and assesses their impact on matters of regulation and policy By focusing on the convergence of the communication and media industries he makes reference to the paradigmatic shift from a system based on the traditions of public service in broadcast and telecommunications delivery to one that is demarcated by commercialization privatization and competition In doing so Iosifidis tackles a key question in the field to what extent do new media developments require changes in regulatory philosophy and objectives It considers the various possible meanings of the public interest concept in exploring the different regulatory modes and the interplay between the local and the global in policy making *Newsweek* ,1983 *Plunkett's Entertainment & Media Industry Almanac 2006: The Only Complete Guide to the Technologies and Companies Changing the Way the World Shares En* Jack W.
