Twenty Five Year Century:

The Twenty-five Year Century Quang Thi Lâm, 2001 For Victor Hugo the nineteenth century could be remembered by only its first two years which established peace in Europe and France's supremacy on the continent For General Lam Quang Thi the twentieth century had only twenty five years from 1950 to 1975 during which the Republic of Vietnam and its Army grew up and collapsed with the fall of Saigon This is the story of those twenty five years General Thi fought in the Indochina War as a battery commander on the side of the French When Viet Minh aggression began after the Geneva Accords he served in the nascent Vietnamese National Army and his career covers this army's entire lifespan He was deputy commander of the 7th Infantry Division and in 1965 he assumed command of the 9th Infantry Division In 1966 at the age of thirty three he became one of the youngest generals in the Vietnamese Army He participated in the Tet Offensive before being removed from the front lines for political reasons When North Vietnam launched the 1972 Great Offensive he was brought back to the field and eventually promoted to commander of an Army Corps Task Force along the Demilitarized Zone With the fall of Saigon he left Vietnam and emigrated to the United States Like his tactics during battle General Thi pulls no punches in his denunciation of the various regimes of the Republic and complacency and arrogance toward Vietnam in the policies of both France and the United States Without lapsing into bitterness this is finally a tribute to the soldiers who fell on behalf of a good cause

The Twenty-five Year Century lam Quang Thi, 2002 The memoirs of General Thi who witnessed the growth of the army of the Republic of Vietnam and its collapse with the fall of Saigon They include his experiences as a battery commander in the Indochina War to the Tet Offensive and the 1972 Great Offensive and his eventual emigration to the USA

The American Catalogue, 1905 *African Maroons in Sixteenth-Century Panama* Robert C. Schwaller, 2021-09-02 From the 1520s through the 1580s thousands of African slaves fled captivity in Spanish Panama and formed their own communities in the interior of the isthmus African Maroons in Sixteenth Century Panama a primary source reader edited by Robert C Schwaller documents this marronage in the context of five decades of African resistance to slavery The self sufficiency of the Maroons along with their periodic raids against Spanish settlements sparked armed conflict as Spaniards sought to conquer the maroon communities and kill or re-enslave their populations After decades of struggle Maroons succeeded in negotiating a peace with Spanish authorities and establishing the first two free Black towns in the Americas The little known details of this dramatic history emerge in these pages traced through official Spanish accounts reports and royal edicts as well as excerpts from several English sources that recorded alliances between Maroons and English privateers in the region The contrasting Spanish and English accounts reveal Maroons attempts to turn European antagonism to their advantage and significantly several accounts feature direct testimony from Maroons Most importantly this reader includes translations of the first peace agreements made between a European empire and African Maroons and the founding documents of the free Black communities of Santiago del Prncipe and Santa Cruz la Real the culmination of the first successful African resistance

movement in the Americas Schwaller has translated all the documents into English and presents each with a short introduction thorough annotations and full historical cultural and geographical context making this volume accessible to undergraduate students while remaining a unique document collection for scholars
