Liberation Technology in El Salvador Summer Harlow, 2017-05-17 This ethnographic study explores how four alternative media projects in El Salvador integrated digital technologies particularly social media into their practices and whether incorporating these technologies affected citizen participation not only in the media production process but in a broader discursive sphere of civic and political life as well Summer Harlow investigates the factors that influence the extent to which alternative media producers are able to use digital tools in liberating ways for social change by opening a space for participation in technology as content producers and through technology as engaged citizens The book advances existing

literature with two main contributions extending our understanding of the digital divide to include inequalities of social media use and including technology use whether liberating or not as a fundamental component of a mestizaje approach to the study of alternative media

Digital Media and the Making of Network Temporality Philip Pond, 2021-05-04 This book presents an exciting new theory of time for a world built on hyper fast digital media networks Computers have changed the human social experience enormously We re becoming familiar with many of the macro changes but we rarely consider the complex underlying mechanics of how a technology interacts with our social political and economic worlds And we cannot explain how the mechanics of a technology are being translated into social influence unless we understand the role of time in that process Offering an original reconsideration of temporality Philip Pond explains how super powerful computers and global webs of connection have remade time through speed The book introduces key developments in network time theory and explains their importance before presenting a new model of time which seeks to reconcile the traditionally separate subjective and objective approaches to time theory and measurement

Crowdfunding Opportunities and Challenges Jim Verdonik, 2016-01-06 Crowdfunding Opportunities and Challenges answers three basic questions about the many securities law changes created by the JOBS Act of 2012 that people loosely call Crowdfunding Is Crowdfunding the best thing to happen to young and growing businesses since the Internet was invented Or is Crowdfunding more like a poorly built fire cracker that will blow up in the faces of both investors and businesses If Crowdfunding is both an opportunity and a challenge how do you end up a winner instead of a loser Crowdfunding Opportunities and Challenges gives you the information you need to answer these questions whether you are an entrepreneur planning a capital raising offering or an attorney advising clients about their offerings
