The Northwestern Reporter ,1912 *Reports of Cases Argued and Determined in the Supreme Court of the State of Wisconsin* Wisconsin. Supreme Court,Abram Daniel Smith,Philip Loring Spooner,Obadiah Milton Conover,Frederic King Conover,Frederick William Arthur,Frederick C. Seibold,1912 **Two Feet** Mark Roper,2013-01-25 The Indian doctor from Calcutta would use his stethoscope and listen to my father s chest Breathe in breathe out he would say And again please Amplified in his ears the doctor from Calcutta would hear the gurgling and dying of the haggis He would close his eyes to this sound as he listened and he would imagine himself driving on the long road to the city with the Bollywood starlet sitting beside him in his American car Under the vast African sky a young boy is forced to come to terms with a whole new reality Abandoned by his father his new playground is the open plains and his new family a deeply rooted local community with some seemingly unorthodox ways among them Swazi warrior Mabuza and stern religious Afrikaner Meneer Gerber But Mark soon finds that this unconventional upbringing might be exactly what he needs to fill the emptiness created by his life altering loss While he imagines his father fighting for his life in a distant hospital the boy learns to find solace and hope through the wisdom and traditions of his new community including important lessons about life overcoming obstacles and how to walk with bare feet This inspirational memoir documents Mark Roper s unique adolescence spent in 1960s South Africa and his struggle to move toward a brighter future after the abrupt disappearance of his father With equal parts insight emotion and humor Two Feet takes a candid look at the realities of family life while evoking the adventure and curiosity of childhood **Outing; Sport, Adventure, Travel, Fiction** ,1920 Mind and Social Practice Sylvia Scribner,1997-01-13 Sylvia Scribner s research and theory have been monumental in forming the emergent field of cultural psychology Her studies of reasoning and thinking in their cultural and activity contexts added new concepts methods and findings to what many are now viewing as a distinctive branch of psychological studies She was among the first to combine ethnographic studies with experimental studies in order to determine relationships among indigenous literacy and logical activities and their cognitive outcomes Mind and Social Practice brings together published and previously unpublished work from Sylvia Scribner s productive and wide ranging career The book is arranged chronologically and includes five section introductions by the editors placing Scribner s work in the context of her life her commitments and the political and intellectual events of the times Her later more theoretically rich writing is enhanced by an appreciation of her earlier work *Wisconsin Reports* Wisconsin.
