The International Economic Crisis and the Post-Soviet States Valentina Feklyunina,Stephen White,2014-06-11 At first it seemed as if the international financial crisis that broke out in 2008 would have little effect in Russia and the other post Soviet states But by the end of the year growth was slowing banks were reluctant to lend share values had collapsed and unemployment was rising inexorably The stability of the Putin leadership it appeared had been built on the turnaround in economic performance that it had managed to achieve over more than a decade How would it cope with a sudden reversal In Ukraine living standards fell even more sharply In Belarus there were fewer obvious signs of economic difficulty but it could hardly be unaffected by the performance of its major trading partners Drawing on a wide range of evidence an international group of scholars address the impact of the international financial crisis in the post Soviet states and the continuing implications of the crisis for these countries themselves and for the wider world This book was published as a special issue of the Journal of Communist Studies and Transition Politics now known as East European Politics

[Integrative Approaches to Sustainable Development at University Level](#) Walter Leal Filho,Luciana Brandli,Olga Kuznetsova,Arminda Maria Finisterra do Paço,2014-10-09 This book documents and compares the experiences of a wide range of universities across the five continents with regard to sustainable development making it of special interest to sustainability researchers and practitioners By showcasing how integrative approaches to sustainable development at the university level can be successfully employed to bridge the gaps between disciplines the book provides a timely contribution to the literature on sustainability and offers a valuable resource for all those interested in sustainability in a higher education context
