Videoland Daniel Herbert, 2014-01-24 Videoland offers a comprehensive view of the tangible phase of consumer video when Americans largely accessed movies as material commodities at video rental stores Video stores served as a vital locus of movie culture from the early 1980s until the early 2000s changing the way Americans socialized around movies and collectively made movies meaningful When films became tangible as magnetic tapes and plastic discs movie culture flowed out from the theater and the living room entered the public retail space and became conflated with shopping and salesmanship In this process video stores served as a crucial embodiment of movie culture s historical move toward increased flexibility adaptability and customization In addition to charting the historical rise and fall of the rental industry Herbert explores the architectural design of video stores the social dynamics of retail encounters the video distribution industry the proliferation of video

recommendation guides and the often surprising persistence of the video store as an adaptable social space of consumer culture Drawing on ethnographic fieldwork cultural geography and archival research Videoland provides a wide ranging exploration of the pivotal role video stores played in the history of motion pictures and is a must read for students and scholars of media history **Official Gazette of the United States Patent and Trademark Office ,2002 X: The**

Experience When Business Meets Design Brian Solis,2015-10-13 Welcome to a new era of business in which your brand is defined by those who experience it Do you know how your customers experience your brand today Do you know how they really feel Do you know what they say when you re not around In an always on world where everyone is connected to information and also one another customer experience is your brand And without defining experiences brands become victim to whatever people feel and share In his new book X The Experience When Business Meets Design bestselling author Brian Solis shares why great products are no longer good enough to win with customers and why creative marketing and delightful customer service too are not enough to succeed In X he shares why the future of business is experiential and how to create and cultivate meaningful experiences This isn t your ordinary business book The idea of a book was re imagined for a digital meets analog world to be a relevant and sensational experience Its aesthetic was meant to evoke emotion while also giving new perspective and insights to help you win the hearts and minds of your customers And the design of this book along with what fills its pages was done using the principles shared within Brian shares more than the importance of experience You ll learn how to design a desired meaningful and uniform experience in every moment of truth in a fun way including How our own experience gets in the way of designing for people not like us Why empathy and new perspective unlock creativity and innovation The importance of User Experience UX in real life and in executive thinking The humanity of Human Centered Design in all you do The art of Hollywood storytelling from marketing to product design to packaging Apple s holistic approach to experience architecture The value of different journey and experience mapping approaches The future of business lies in experience architecture and you are the architect Business meet design X *The Political Economies of Media* Dwayne Winseck,Dal Yong Jin,2012-05-08 The contributors show that digital media are disrupting entire media industries but without erasing the past and insist that one media sector is not the same as the next As the title signals even in the age of convergence and remix culture different media continue to display their own distinctive political economies

American Independent Cinema Geoff King,Claire Molloy,Yannis Tzioumaki,2012-11-27 The American independent sector has attracted much attention in recent years an upsurge of academic work on the subject being accompanied by wider public debate But many questions remain about how exactly independence should be defined and how its relationship might be understood with other parts of the cinematic landscape most notably the Hollywood studios Edited and written by leading authors in the field American Independent Cinema indie indiewood and beyond offers an examination of the field through four sections that range in focus from broad definitions to close focus on particular manifestations of independence A wide

variety of examples are included but within a framework that offers insights into how these are related to one another More specifically this collection offers an account of recent developments as well as reviewing reassessing and revising a number of central positions approaches and arguments relating to various parts of the independent and or indie sector Individual case studies that range from the distinctive qualities of the work of established quality filmmakers such as Wes Anderson Steven Soderbergh and Rebecca Miller to studies of horror genre production at the more disreputable end of the independent spectrum Examples of the limits of independence available in some cases within Hollywood including studies of the work of Stanley Kubrick and Hal Ashby Case studies of under researched areas in the margins of American independent cinema including the Disney nature films and Christian evangelical filmmaking A number of wider overview chapters that examine contemporary American independent cinema from a number of perspectives Together the chapters in the collection offer a unique contribution to the study of independent film in the United States Contributors Warren Buckland Philip Drake Mark Gallagher Geoff King Peter Kr mer Novotny Lawrence James MacDowell Claire Molloy Michael Z Newman Alisa Perren James Russell Thomas Schatz Michele Schreiber Janet Staiger Yannis Tzioumakis Sarah Wharton **Hoover's Handbook of American Business** Hoovers Inc,2006-12
