Ph.D.,2009-08-17 Holocaust Trauma offers a comprehensive overview of the long term psychological effects of Holocaust
trauma It covers not only the direct effects on the actual survivors and the transmission effects upon the offspring but also
the collective effects upon other affected populations including the Israeli Jewish and the societies in Germany and Austria It
also suggests various possible intervention approaches to deal with such long term effects of major trauma upon individuals
groups and societies that can be generalized to other similar traumatic events The material presented is based on the clinical
experience gathered from hundreds of clients of the National Israeli Center for Psychosocial Support of Holocaust Survivors
and the Second Generation AMCHA an Israeli treatment center for this population and from facilitating groups of Austrian
German participants in Yad Vashem and Europe as well as an upon an extensive review of the vast literature in the field a
