Before using your headset

Thank you for purchasing the Jabra Mono Headset WEP170. We hope you will be delighted with its operation.

Take a moment before you get started to familiarize yourself with your new headset.

Check phone compatibility

The Jabra Mono Headset WEP170 is compatible with most Bluetooth® (see Bluetooth®) phones that are compatible with Bluetooth version 2.0 or higher specification and support the headset and/or hands-free profiles.* Always check your phone has Bluetooth capability by visiting your phone manufacturer's web site.

Check the accessories

Make sure you have the following items with your headset:

Bluetooth headset, Adapter, Manual

- NOTE:** Your headset supports the headset and/or hands-free profiles.

Charge your headset

Jabra Mono Headset WEP170 uses a rechargeable battery that must be charged fully before you use the headset for the first time.

- 1 Plug the AC charging adapter into the headset's charging socket.
- 2 Plug the AC adapter into the electrical outlet.
- 3 Charge your headset until the red light turns to blue light on headset.
- 4 The unit will be fully charged in approx. 2 hours.
- 5 Remove AC charging adapter from the headset. You are now ready to "pair" headset to your mobile phone. If the headset has already been paired to your phone, then you can begin using it.

- NOTE:** The headset cannot be used while charging.

Put your headset in pairing mode

Before you can use your headset, you must put it into pair mode.

- 1 Ensure that the headset is off (see first headset manual on the reverse side of this guide).
- 2 Press and hold the Multi-function button until the indicator light turns on (it will flash approximately 4 seconds).

The indicator light flashes in blue as you press and hold the Multi-function button. Continue holding down the button until the red light is steady on.

Turn on Bluetooth on your phone and pair with headset

Set your Bluetooth phone to discover the headset by following your phone's guide.

Typically, the steps involve going to a "Setup", "Connect", or "Bluetooth" menu on your phone and then selecting the option to discover Bluetooth devices.

Your phone will find the Jabra Mono Headset WEP170 headset and ask if you want to pair with it. Confirm this by pressing the "Yes" or "OK" key.

If pairing was successful: The indicator light will flash in blue 30 seconds rapidly before going to flashing every 3 seconds. If unsuccessful, the light remains on, and you will need to re-attempt pairing.

Test and use

Your phone and headset are now paired and ready to make and receive calls. To confirm this, you are operating properly, make a call.

- 1 Place the headset over your ear.
- 2 Use "Answer the headset" or the answer key on the guide.
- 3 On your phone, make a call to the number you want.
- 4 If your phone and headset are successfully paired, you will hear ringing on the headset.

After you have successfully paired your phone and headset, you do not need to repeat these steps unless they ever come apart. You can use the headset.

Using your WEP170

For Features and Functions, visit the product manual on the guide for information on using your headset.
