To Be Continued Quarterly** ,1872 **Saturday Review** ,1862 *The Tenth Muse* Cary H. Plotkin,1989 With authority and sensitivity Plotkin traces the close relationship between Hopkins s poetry and the theories of language suggested in his Journals and expounded by Victorian philologists such as Max M ller and George Marsh Plotkin seeks to determine what changed Hopkins s perception of language between the writing of such early poems as *The Habit of Perfection* and *Nondum* 1866 and his creation of *The Wreck of the Deutschland* 1875 76 Did the language of the ode and of Hopkins s mature poetry generally arise as spontaneously as it appears to have done or does it have a traceable genesis in the ways in which language as a whole was conceived and studied in mid century England In answer Plotkin fixes the development of Hopkins s singular poetic language in the philological context of his time If one is to understand Hopkins s writings and poetic language in the context in which they developed rather than in the terms of a present day theory of history or textuality then that movement in all of its complexity must be considered Hopkins translates

into the language of poetry patterns and categories common to Victorian language study **CBSE (Central Board of Secondary Education) Class VII - Social Science Topic-wise Notes | A Complete Preparation Study Notes with Solved MCQs , Academy, with which are Incorporated Literature and the English Review ,1876 The American Bookseller ,1886**
