His Age John T. Carpenter, 2005 This profusely illustrated volume presents groundbreaking scholarship on the Ukiyo e artist Katsushika Hokusai 1760-1849 and his immediate artistic and literary circles. Achieving worldwide renown for his dramatic landscape print series such as the Thirty-six Views of Mt. Fuji, Hokusai also excelled in book illustrations, erotica, and privately commissioned woodcuts called *surimono*. Aspects of the artist's innovative and novel approach to the graphic arts are discussed in the first half of this volume. Less well-known Hokusai was a highly accomplished painter who oversaw a studio of several close pupils, including his daughter Ti, who often worked in a style closely resembling his own. The study of Hokusai's corpus of paintings thus raises many complex issues of authorship, dating, and authenticity, further complicated by the abundant production of forgeries both during and after his lifetime. An appendix of recognized Hokusai seals helps further clarify this aspect of the artist's work. The distinguished roster of contributors includes Asano Shugo, Gian Carlo Calza, John T. Carpenter, Timothy T. Clark, Doris Croissant, Kobayashi Tadashi, Kubota Kazuhiro, Roger Keyes, Matsudaira Susumu, Matthi Forrer, Naito Masato, David Pollack, John M. Rosenfield, Timon Screech, Segi Shin-ichi, Henry D. Smith II, and Tsuji Nobuo. The publication is sponsored by the International Hokusai Research Centre at the University of Venice and the Sainsbury Institute for the Study of Japanese Arts and Cultures, SISJAC, London and Norwich.

Introduction to Zen Training Omori Sogen, 2020-02-04 Introduction to Zen Training is a translation of the *Sanzen Nyumon*, a foundational text for beginning meditation students by Omori Sogen, one of the foremost Zen teachers of the twentieth century. This book addresses many of the questions which arise when someone first embarks on a journey of Zen meditation, ranging from how long to sit at one time to how to remain mindful when not sitting, and it concludes with commentaries on two other fundamental Zen texts, *Zazen Wasen* (The Song of Meditation) and the *Ox Herding Pictures*. Written to provide a solid grounding in the physical nature of Zen meditation training, this text delves into topics such as Breathing, Pain, Posture, Physiology, Drowsiness, How to find the right teacher, The differences between the two main Japanese schools of Zen, Soto and Rinzai Zen. As a master swordsman, Omori Sogen's approach to Zen is direct, physical, and informed by the rigorous tradition of Zen and the martial arts that flourished during Japan's samurai era. For him, the real aim of Zen is nothing short of Enlightenment, and Introduction to Zen Training is a roadmap in which he deals as adeptly with hundreds of years of Zen scholarship as he does with the mundane practicalities of meditation. Sogen prescribes a level of rigor and intensity in spiritual training that goes far beyond wellness and relaxation and that is rarely encountered. His is a kind of spiritual warriorship he felt was direly needed in the middle of the twentieth century and that is no less necessary today. With a new foreword from Daihonzan Chozen-ji, the headquarters Zen temple established by Omori Sogen in Hawaii, this book is an essential text for every student of Zen meditation.
