behind such a shift in the pattern of question papers explains the intent of UPSC and its quest to have brightest minds to govern the country. However, for the quest to be fruitful, it would be appropriate from the part of UPSC to examine the candidate's awareness about the society in which he is living. Static knowledge would prove inefficient for such an analysis. Society is dynamic and is subjected to changes. A Civil Servant should have the skills of a barrister and also that of a diplomat in order to cope with the changing society and also show the cognitive skills to coordinate, mobilize arguments and achieve consensus in regard to the execution of his duty. This analytical nature of the duty demands the UPSC aspirants to have an analytical mind and awareness of the society.
