## SECTION 1 - Period Overview, p.23

Consider the data in the chart at right as well as page 1 of the text when completing this section.

1. Period 2 begins with 1607 and ends in 1754. As the colonies increased in number, size, and power during this Colonial Era, the population of the eastern seaboard changed. Based on your knowledge of history and the data in the graph at right, explain three reasons for the demographic shift in the Chesapeake. (Chesapeake colonies include Virginia and Maryland)

Due to the increased number of immigrants that moved to the new land and new established settlements that were approved, the white population grew tremendously. With acres of new land to tend to, the demand of labor increased hence the large amount of African American population. The Native American population decreased because of diseases and the ones that did not die were moved westward.

*How to Read Like an Anti-Fascist* Annette Wannamaker, 2025-06-03 On the urgent need to promote critical reading skills amidst rising authoritarianism Children's author Philip Pullman famously said that There are some themes some subjects too large for adult fiction they can only be dealt with adequately in a children's book While the recent rise of fascist ideology in the United States might seem a subject too large and adult to be dealt with in literature for children or teens Annette Wannamaker proposes in *How to Read Like an Anti Fascist* that there are books aimed at future generations which critique and counter fascist propaganda and mythmaking Works of literature can reflect fascist ideology and promote it as well but Wannamaker proposes that some books also offer tools for understanding it Books written for beginners can introduce readers to complex concepts break big ideas into manageable parts and teach readers how to read the world outside of the book Antifascist books are ones that analyze fascistic rhetoric and storytelling educate about America's long history of authoritarianism and highlight various facets of fascism such as scapegoating others and reasserting patriarchal power From *The Emperor's New Clothes* and the tales of Superman to Mildred Taylor's *Roll of Thunder Hear My Cry* the 1619 Project and contemporary works such as *All Boys Aren't Blue* and *Donald Builds the Wall* Wannamaker shows how the ethos of authoritarianism is characterized by a strict hierarchy that places children at its very bottom In doing so she argues convincingly that books written for young people can provide a particular view from the bottom a perspective well suited to interrogating systems of power
