Ski, Climb, Fight Lance R. Blyth, 2024-11-05 Mountains Carl von Clausewitz said introduce a retarding element into warfare To fight in mountains armies must overcome this challenge via survival strategies and mobility But the techniques and technologies for doing so are best found in civilian skiing and mountaineering communities a situation almost unique to mountain warfare Ski Climb Fight looks at how the 10th Mountain Division of World War II met this challenge and how the U S military does so today The first military history of that storied division the book is also the first general history of U S mountain warfare With a focus on strategy and doctrine Lance R Blyth explores how the military has adapted civilian gear and skills for surviving and moving in mountainous terrain to effectively conduct operations.
