Previous Year Papers (1600+ Solved Questions) with Free Access to Online Tests EduGorilla Prep Experts, **America at the Brink of Empire** Lawrence W. Serewicz,2007-01-01 Addressing issues of continuing if not heightened relevance to contemporary debate America at the Brink of Empire explores the foreign policy leadership of Dean Rusk and Henry Kissinger regarding the extent of the United States mission to insure a stable world order Lawrence W Serewicz argues that in the Vietnam conflict the United States experienced an identity crisis a near Machiavellian moment to use the concept of J G A Pocock whereby America came close to assuming an imperial role stretching the country to the limits of its identity as a republic Serewicz offers a revealing look at the parts played by Rusk and Kissinger and President Lyndon Johnson in bringing the nation to the brink of empire in the years 1963 75 As a true believer in liberal internationalism Rusk set the stage by defining the war in Vietnam as a threat to the world order based on the United Nations security system created after World War II Johnson kept an open ended commitment in Vietnam without a clear goal in sight even as he pursued the ambitious domestic reforms of the Great Society In refusing to choose between either an imperial mission or a true republican position for the nation he brought it perilously close to becoming an empire ultimately failing to achieve his goals either at home or abroad Kissinger corrected for Johnson s overreach implementing a pragmatic realism based upon the principle that the United States is an ordinary country a republic not an empire within the international community and therefore must balance its commitments with its resources In concluding Serewicz reflects on the continuing relevance of the Machiavellian moment for the United States by observing the differences and similarities between the presidencies of Johnson and George W Bush

America at the Brink of Empire illuminates the far reaching consequences of Rusk s and Kissinger s widely divergent foreign policy philosophies and outlines the tension that a statesman must reconcile between a republican government and the maintenance of a stable world order **The Nation** ,1896 American Education ,1902 , **UGC NET Paper 2 _ Philosophy Volume - 2** Mr. Rohit Manglik,2024-03-04 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels
