Learn Sociology Edward Brent, Edward E. Brent, J. Scott Lewis, 2013-02-20 Learn Sociology creates a new paradigm for student centered learning in introductory sociology courses. Written with 21st century students in mind, this text presents introductory sociology content in a highly interactive format that is both easy to use and highly compatible with digital applications. Drawing on best practices in educational pedagogy, Learn Sociology emphasizes immersive learning, an approach that pairs critical analysis of sociological concepts with examples from everyday life to engage students actively with the material. Weaved through the text are recurring themes that put sociology into context, such as social structure, social control, social inequality, the social construction of reality, scientific knowledge, and social change. Learn Sociology optimizes learning through enhanced coverage, study testing, and review while emphasizing the applying that reinforces comprehension. Based on a modular concept format, each chapter in Learn Sociology addresses a major concept in the introductory sociology curriculum. Associated with each module are key learning objectives, preview statements, illustrations, and a concept learning check assessment. With Learn Sociology, students have access to immediate computer-based feedback on essay questions that helps them practice writing and revising, reason critically, and grapple with real-world issues. All content in Learn Sociology is highly visual, current, and easy to understand while avoiding distracting and off-topic material. Visual overviews play to dynamic learning and underscore important points. The result is an introductory sociology curriculum that is engaging, consistent, and complete while providing students with a roadmap for learning, reviewing, and self-assessment. Learn Sociology is a comprehensive and integrated print and digital learning solution that transforms how students learn and instructors teach by bringing together authoritative and interactive content aligned to course objectives with adaptive study planning and remediation and learning analytics reporting tools.
