area of design. Alongside step by step tutorials, top image makers from around the world provide real and practical advice on setting up a studio, creating a killer portfolio and winning commissions. The work featured in the book reflects the wide and exciting range of image making practice that thrives today, from music and fashion to character and toy design. The book reveals the secrets of the industry's most successful creatives who transfer traditional illustrative skills into digital dimensions, producing the highest quality, most commercially successful animation, three dimensional and vector based illustration. This book offers a master class for students and professional designers and illustrators who want to take their work beyond the constraints of two dimensions and gain greater commercial success. An inspirational must have guide, *Complete Digital Illustration* is also of real value for professional image makers. *Inked: Tattoos and Body Art around the World* Margo DeMello, 2014-05-30. In recent decades, tattoos have gone from being a subculture curiosity in Western culture to mainstream and commonplace. This two volume set provides broad coverage of tattooing and body art in the United States today as well as around the world and throughout human history. In the 1960s, tattooing was illegal in many parts of the United States. Today, tattooing is fully ingrained in mainstream culture and is estimated to be a multi billion dollar industry. This exhaustive work contains approximately 400 entries on tattooing, providing historical information that enables readers to fully understand the methods employed, the meanings of, and the motivations behind tattooing, one of the most ancient ways humans mark themselves. The encyclopedia covers all important aspects of the topic of tattooing: the major types of tattooing, the cultural groups associated with tattooing, the regions of the world where tattooing has been performed, the origins of modern tattooing in prehistory, and the meaning of each society's use of tattoos. Major historical and contemporary figures associated with tattooing, including tattooists, tattooed people, and tattoo promoters, receive due attention for their contributions. The entries and sidebars also address the sociological movements involved with tattooing, the organizations, the media dedicated to tattooing, such as television shows, movies, magazines, websites, and books, and the popular conventions, carnivals, and fairs that have showcased tattooing. What Kids Buy Robert H Reiher, Daniel Acuff, 2008-06-30. If you're in the business of marketing or developing products and programs for kids, *What Kids Buy and Why* belongs in your office. How can you create outstanding products and programs that will win in the marketplace and in the hearts of kids and parents? Dan S Acuff and Robert H Reiher have invented a development and marketing process called Youth Market Systems that puts the needs, abilities, and interests of kids first. This system makes sure you won't miss the mark, whether you're trying to reach young children or teens, boys or girls, or whether you're selling toys, sports equipment, snacks, school supplies, or software. Based on the latest child development research, *What Kids Buy and Why* is full of provocative information about the cognitive, emotional, and social needs of each age group. This book tells you, among other things, why 3 through 7 year olds love things that transform, why 8 through 12 year olds love to collect stuff, how the play patterns of boys and girls differ, and why kids of all ages love slapstick. *What Kids Buy and Why* is the result of Acuff and Reiher's almost twenty years of consulting with high
