**Jewish-Muslim Relations and Migration from Yemen to Palestine in the Late Nineteenth and Twentieth Centuries** Ari Ariel, 2013-12-05 In *Jewish Muslim Relations and Migration from Yemen to Palestine in the Late Nineteenth and Twentieth Centuries* Ari Ariel analyzes the impact of local regional and international events on ethnic and religious relations in Yemen and Yemeni Jewish migration patterns Previous research has dealt with single episodes of Yemenite migration during limited spans of time Ariel instead provides a broad sweep of the migratory flows over the 70 year time span during which most of Yemen's Jews moved to Palestine and then Israel He successfully avoids the polemic nature of much of the literature on Middle Eastern Jewry by focusing on the social economic and political transformations that provoked and then sustained this migration

examines the range of legal political religious and social regulations that frame gender relations and social dynamics Highlighting the diversity of women s and men s positions as a continuum rather than as distinct areas Dahlgren presents a vivid picture of this dynamic society providing an in depth background to today s political upheavals in Yemen **Desert in the Promised Land** Yael Zerubavel,2023-05-25 A complex and fascinating portrait of Israel an engaging book that combines anthropology culture and history Anita Shapira author of Ben Gurion Father of Modern Israel At once an ecological phenomenon and a cultural construction the desert has varied associations within Zionist and Israeli culture In the Judaic textual tradition it evokes exile and punishment yet is also a site for origin myths the divine presence and sanctity Secular Zionism developed its own spin on the duality of the desert as the romantic site of Jews biblical roots that inspired the Hebrew culture and as the barren land outside the Jewish settlements in Palestine featuring them as an oasis of order and technological progress within a symbolic desert Yael Zerubavel tells the story of the desert from the early twentieth century to the present shedding light on romantic mythical associations settlement and security concerns environmental sympathies and the commodifying tourist gaze Drawing on literary narratives educational texts newspaper articles tourist materials films popular songs posters photographs and cartoons Zerubavel reveals the complexities and contradictions that mark Israeli society s semiotics of space in relation to the Middle East and the central role of the besieged island trope in Israeli culture and politics **Journalism Across Cultures: An Introduction** Levi Obijiofor,Folker Hanusch,2017-09-16 In today s global digital world journalists are required to be cognizant of ethical and cultural issues beyond usual national boundaries This text provides a theoretical and practical introduction to cross cultural journalism equipping students with the skills and understanding they need today Encyclopedia of Jewish Folklore and Traditions Raphael Patai,2015-03-26 This multicultural reference work on Jewish folklore legends customs and other elements of folklife is the first of its kind Religious Legal Traditions, International Human Rights Law and Muslim States Kamran Hashemi,2008-08-31 This book offers an exploration of aspects of the subject Islam and Human Rights which is the focus of considerable scholarship in recent years predominantly from Western scholars Thus it is interesting and important to have the field addressed from a non Western perspective and by an Iranian scholar The study draws on Persian language literature that addresses both theological and legal dimensions of the theme The work is also distinctive in that it tackles three areas that have been largely ignored in the literature It undertakes a comparative study of the laws of several Muslim States with respect to religious freedom minorities and the rights of the child The study offers an optimistic vision of the fundamental compatibility of Islam and international human rights standards *Historical Dictionary of Yemen* Charles Schmitz,Robert D. Burrowes,2017-10-25 Yemen has experienced wrenching changes that have transformed the country in yet unknown ways The country exploded in a popular revolution against the long time rule of Ali Abdallah Saleh While the country appeared to slip toward civil war Yemeni political elite rallied with international backers to put together a transitional government with a

plan to revise the country's constitution. The transitional government began with a cautious sense of optimism and the prospect of substantial change for the better but ended in collapse because of a failure to govern. The politics of the street overran an ineffective transitional government that could not address the urgent concerns of Yemeni citizens for security and jobs. Instead, populist leaders exploited people's dissatisfactions and threw the country into civil war. The Houthi organization covertly allied with its former enemy Ali Abdallah Saleh to overthrow the transitional government and declare war on the rest of the country. Saleh seems unable to conceive of life outside of the Presidential Palace and his Houthi allies appear to believe they are destined to rule. Unfortunately, those opposed to Saleh and the Houthis also seem unable to provide effective rule in spite of massive backing from the Gulf States. The incompetence, infighting, and incoherence of the Hadi government bode equally ill for the future of the country. The one hope may be that a new generation of Yemeni leaders emerges to displace the dismal failures of this one. This third edition of *Historical Dictionary of Yemen* contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 1000 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Yemen.
