Tracers A Play Conceived By John Difusco:

Tracers Vincent Caristi, 2000 THE STORY A composite or collage of interrelated scenes the play follows the lives of a group of grunts as they move from basic training on to combat in Vietnam and finally to the shattering realization that their lives will be forever affect **The Best Plays of 1984-1985** Otis L. Guernsey, Jr., Otis Love Guernsey (Jr.), 1985 Plays Split second by Dennis McIntyre Hurlyburly by David Rabe Ma Rainey's black bottom by August Wilson The foreigner by Larry Shue Tracers by Vincent Caristi et al Pack of lies by Hugh Whitmore As is by William M Hoffman Biloxi blues by Neil Simon Doubles by Davis Wiltse The marriage of Bette and Boo by Christopher Durang **The Best Plays of 1997-1998** Otis L. Guernsey Jr., Jeffrey Sweet, 1998-12-01 The New American Studies John Carlos Rowe, 2002 A clarion call for a more theoretically and politically informed approach to American Studies John Carlos Rowe a leading American Studies scholar has examined his field of study and declared it not ready for the twenty first century In The New American Studies Rowe demands a reinvention of the discipline that includes a commitment to making it more theoretically informed and he draws on the work of cultural critics postmodernist theorists and scholars in ethnic gender gay and media studies Rowe asserts that with American Studies's strong history of social criticism and practical pedagogy it is an easy leap to the type of progressive commitments characteristic of these areas of scholarship The New American Studies is a compelling combination of theory and application synthesis and polemic Rowe traces the evolution of American Studies over the last quarter century and looks to the future placing the field in a postnationalist context that encompasses all of the Americas and the disparate cultural zones within He then demonstrates the kind of literary and cultural interpretation he calls for examining subjects ranging from Hawthorne's and James's responses to nineteenth century sexual mores to the ways television legitimated itself in its first few decades to the Eli n Gonz lez custody case *Burns Mantle Best Plays and the Year Book of the Drama in America*, 1987 **The Best Plays of 1993-1994** Otis L. Guernsey, Jeffrey Sweet, 2004-08 Featuring scenes from the ten best plays Jacket New York Magazine, 1985-07-01 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Grateful American** Gary Sinise, 2019-02-12 Discover the moving entertaining never before told story of how one man found his calling to see that those who defend this country and its freedoms are never forgotten As a kid in suburban Chicago Gary Sinise was more interested in sports and rock n roll than reading or schoolwork But when he impulsively auditioned for a school production of West Side Story he found his true purpose or so it seemed Within a few years Gary and a handful of friends created what became one of the most exciting and important new theater companies in America From its humble beginnings in a suburban Chicago church basement and eventual move into the city the

Steppenwolf Theatre Company launched a series of groundbreaking productions igniting Gary's career along with those of John Malkovich, Joan Allen, Gary Cole, Laurie Metcalf, Jeff Perry, John Mahoney and countless others. Television and film came calling soon after and Gary starred in *Of Mice and Men* which he also directed and *The Stand* before taking the role that would change his life in unforeseeable ways: Lieutenant Dan in the Academy Award winning *Forrest Gump*. The military community's embrace of the character of the disabled veteran was matched only by the depth of Gary's realization that America's defenders had not received all the honor, respect and gratitude their sacrifices deserve. In the aftermath of the September 11 attacks, this became Gary's new calling. *Grateful American*, now a New York Times bestseller, documents Gary's dedication to working tirelessly on behalf of those who serve this country, sharing stories about how he has entertained more than a half million troops around the world, playing bass guitar with his Lt. Dan Band, raised funds on behalf of veterans, founded the Gary Sinise Foundation with a mission to serve and honor America's defenders, veterans, first responders, their families and those in need. *Grateful American* is the moving, entertaining, profoundly gripping story of how one man found his life's work to see that those who defend this country and its freedoms are never forgotten. Praise for *Grateful American*: Gary Sinise writes as he lives and as the artist and actor he has always been, with American authenticity, purpose and a conviction that is inseparable from his nature. Tom Hanks, actor and filmmaker: No entertainer alive today has visited and performed more for our troops at veterans hospitals and military bases all over the world than Gary Sinise. For years, his foundation has built smart homes for our troops that were severely wounded in combat. The book is called *Grateful American* and I promise that after you read it, you will be grateful for what Gary has accomplished and contributed to our country. He's truly one of a kind. Clint Eastwood, actor, director, producer and musician. *New York Magazine*, 1985-02-04. *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea. *Levitating the Pentagon* Jeffery W. Fenn, 1992. This work undertakes the examination of the evolutions and innovations in the American theatre of the Vietnam War era as well as a study of the dramatic scripts and productions that emerged during this period and that were created in it. It is also an aim to both generalize and specify the nature of the dramatic response and by way of example to illustrate the discrepancies in style and attitude between current dramatic works focusing on Vietnam War themes and those written under the conflict's direct experience and immediate influence. The significant dramas dealing with Vietnam were written by playwrights who had some firsthand experience of the war, either by the ex-combatants themselves or by those who had personal or professional associations with them. These dramatists offer the most profound insights concerning the ordeal and its consequences for both the combatants and their society, yet virtually none of their works are commercially produced today. These authors

confronted the fact of war directly and chronicled in dramatic terms its psychological horror Their plays which attempted to portray the magnitude of the event and its immediate and long lasting effects on both the individual and the collective American psyche best illustrate how the theatre eventually managed to come to terms with the devastating experience of the conflict A study of the dramas that had their genesis in personal war experience offers invaluable insights not only into the problems associated with the Vietnam experience but also many of those which still plague American society today As the plays relevant to the war experience are discussed in this book it will become readily apparent why the the Vietnam War dramas took the form they did and perhaps also why they are being virtually ignored at the present time It is inevitable though that the dramas written by veterans of the war and the dramas written by those who had a personal relationship with returned soldiers will eventually be rediscovered and appreciated both for their historical value as firsthand impressions of the experience and of the consequences of the action for the men and women who served and for those who awaited their return The American theatre of the sixties was extremely dynamic for several reasons all deriving from the circumstances that theatre as Shakespeare suggests echoes and enhances the ideas turmoil and passions of the world it reflects An examination of the various manifestations of theatre of the sixties the forms it took the subjects on which it focused the conditions under which it was performed the reception accorded it is one of the most informative and revealing approaches to a study of the sociology of the decades of 1960 and 1970 This book offers a unique and objective perspective of the response of the American theatre to the social struggles and cataclysms that characterized and punctuated the era particularly the one dominating event that left forever indelibly stamped on the American consciousness the terrible experience of a war that was hopelessly lost before it was begun
