Smith, 2007-04-05 Master the most difficult part of boating before hitting the water This comprehensive guide will help you gain confidence develop skills and avoid boat ramp and highway mishaps when trailering your boat The book includes easy to follow heavily illustrated instructions on driving backing launching retrieving and tying down your boat trailer maintenance and selecting tow vehicles hitches trailers and towing accessories *Rich Johnson's Guide to Trailer Boat Sailing* Rich Johnson, Becky Johnson, 2009-08 trailerable sailboat is the ideal way to explore the country wherever there is water To make the most of this exciting lifestyle owners of trailerable sailboats need three things an understanding of the boat and how to use it knowledge about the tow vehicle and trailer used to transport the boat and a spirited sense of adventure to live the dream 13 13 This book will help you get started 13 13 13 *The Complete Idiot's Guide to RVing, 3rd Edition* April Maher, Brent Peterson, 2012-06-05 An updated and revised guide for the more than 30 million Americans who are living the RV lifestyle and the millions of others who have considered it but have not yet taken the plunge *The Complete Idiot's Guide to RVing Second Edition* includes the following Basic facts about the different types of RVs camper van motor home bus or tow rig and the advantages of each Advice on buying your RV from dealer negotiations to acquiring the proper insurance Driving tips for piloting your RV Information on how to choose a campground with an eye for water electricity propane wastewater dump hookups phone cable and campground rules *The RVer's Ultimate Survival Guide* , *The Beginner's Guide to Tiny Houses* Alexis Stephens, Christian Parsons, 2021-08-31 Discover why tiny houses are such a big deal Welcome to the tiny house movement This guide is the ideal introduction for the true beginner Learn the history of the modern tiny house movement get a breakdown of tiny house styles and meet the passionate tiny house community with profiles of pioneers and their tiny homes The book also discusses the pros and cons of micro living is a tiny house right for you right now Take the self evaluation quiz in chapter two and find out Then dive into the range of tiny house options and must knows before taking the plunge Benefits of downsizing Find out how tiny houses are better for the environment cheaper to maintain and even meet housing shortages Find a match Fall in love with a tiny house that fits your style from simple stationary A frames to creative tiny houses on wheels or THOWs all less than 400 sq ft More to explore The comprehensive resource section will help you dig deeper into tiny house construction options off grid living and the art of downsizing Learn about living large in the tiny house of your dreams *The Overlanding Vehicle Builder's Guide* Don Alexander, 2024-03-15 What is overlanding Wikipedia states Overlanding is self reliant overland travel to remote destinations where the journey is the principal goal Typically but not exclusively it is accomplished with mechanized off road capable

transport from bicycles to trucks where the principal form of lodging is camping. It often lasts for extended periods of time, months to years, and spans international boundaries. Overlanding did not originate in America, and it is a little different here. You would be hard pressed to find a bicycle out in the desert, and most people don't stay out there quite that long. However, the spirit of the activity is the same. Do you want to give overlanding a try? Great! You will need some gear. In *The Overlanding Vehicle Builder's Guide*, veteran racer, off-roader, and journalist Don Alexander provides a terrific overview of what to consider when building your overlanding rig. This includes the planned duration of the trip, the number of people in your party, how far off the beaten path you want to go, and the creature comforts you require. Understanding those wants and needs shapes what gear you need for the best experience. Covered are the strengths and weaknesses of the types of vehicles themselves, modifications to the vehicles to make them more capable, accessories, lighting, camping gear, food, and water storage, etc., and equipment for trail mishaps and recovery. Driving techniques and trail rules and etiquette are also included. If you are ready to build a rig or just want to know more about the hobby, this book is a great guide to help you get started.

The Complete Guide to Buying, Maintaining, and Servicing a Horse Trailer Neva Kittrell Scheve, 2008-05-05 Trailers are a fact of life in the horse world. Sooner or later, everyone who owns a horse will have to deal with a horse trailer in order to haul to shows, races, hunts, and perhaps even to veterinary clinics. Up to now, when horse owners wanted information on trailers, they had to rely on magazine articles or word of mouth recommendations. Not anymore. *The Complete Guide to Buying, Maintaining, and Servicing a Horse Trailer* is the first and only book for both owners and buyers of horse trailers. It's a resource that gives prospective buyers faced with hundreds of models to choose from the means to make the right choice. It's a manual that gives current owners information on maintaining and caring for their trailers. Foremost, they will learn from lifelong horsewoman Neva Scheve and Thomas G. Scheve, both respected industry insiders, that the safety and comfort of the horse should always be the primary concern. This authoritative book, with more than 175 illustrations, addresses a number of important topics, including how to determine whether to buy a new or a used trailer, ask the right questions of the dealer or owner, weigh the options, and select the best model for your needs. Evaluate tow vehicles and hitches. Master pre-trip preparations. Care for your current trailer. Load, drive, and use a trailer safely. Deal with typical exterior, interior, electrical, and mechanical problems. Assess the work of repairmen if the job is more than you can handle. Complete is not just an idle word; this book has an appendix that gives the names and addresses of the major trailer manufacturers to contact for literature. In all, the Scheves have given horse owners everything they need to make an informed purchasing decision that will benefit themselves and their horses.

The Essential Guide to Motorcycle Travel, 2nd Edition Dale Coyner, 2017-02-16 Motorcyclists in record numbers are heading out on ambitious trips across America and around the world. *The Essential Guide to Motorcycle Travel* offers essential advice to fully prepare them for traveling long distances over extended periods.
