judiciary and its role in shaping the constitution and the fusion of temporal and spiritual jurisdiction in the person of the monarch The book advances original insights into the complex and agonistic relationship between theatre politics and law The plays discussed offer persuasive images both of the crown's absolutist tendencies and of alternative polities predicated upon classical and humanist principles of justice equity and community It is now canon in progressive U S legal scholarship that to focus solely on the text of our Constitution is myopic We look as well for constitutional moments moments when the zeitgeist is so transformed that our fundamental legal charter changes with it In this breathtakingly erudite book Paul Raffield argues that the late Elizabethan period was such a constitutional moment in England a moment literally played out for the polity by the greatest dramatist of all time A lawyer and a thespian Raffield handles both legal and literary sources with exquisite care As with the works of the Old Masters one dwells pleasurably on each detail until their cumulative force presses one backward to see the canvas in its sudden glorious entirety A major achievement Kenji Yoshino Chief Justice Earl Warren Professor of Constitutional Law NYU School of Law **Russell's Magazine** Paul Hamilton Payne,1859 *The Complete Works of Galsworthy* John Galsworthy,2024-02-02 Immerse yourself in the rich tapestry of human experience with *The Complete Works of Galsworthy Exploring the Human Condition* by John Galsworthy Delve into Galsworthy's comprehensive collection as he masterfully explores the complexities of human nature society and the human condition As you navigate through the pages of this extensive anthology prepare to be captivated by Galsworthy's profound insights and compelling storytelling Through a diverse range of works including novels plays and essays he offers readers a poignant reflection on the joys struggles and contradictions of life But amidst the breadth of human experience depicted in Galsworthy's works one question arises What timeless truths and insights can we glean from his exploration of the human condition and how do they resonate with our own lives Explore the depths of human experience with Galsworthy as your guide as he delves into themes of love power justice and the pursuit of meaning in a complex and ever changing world Are you ready to embark on a journey of self discovery and introspection through the lens of Galsworthy's works Engage with Galsworthy's compelling narratives allowing yourself to be moved and inspired by the universal themes and profound insights that permeate his writing Don't miss the opportunity to experience the breadth and depth of *The Complete Works of Galsworthy* by John Galsworthy Dive into this captivating collection now and discover the enduring relevance of his exploration of the human condition Seize the chance to explore the complexities of human nature and society Purchase your copy of *The Complete Works of Galsworthy* today and embark on a literary journey that will enrich your understanding of the human experience

Shakespeare on the Ecological Surface Liz Oakley-Brown,2024-01-31 *Shakespeare on the Ecological Surface* uses the concept of the surface to examine the relationship between contemporary performance and ecocriticism Each section looks in turn at the surfaces of slick smoke sky steam soil slime snail silk skin and stage to build connections between ecocriticism activism critical theory Shakespeare and performance While the word surface was never used in Shakespeare's works Liz

Oakley Brown shows how thinking about Shakespearean surfaces helps readers explore the politics of Elizabethan and Jacobean culture. She also draws surprising parallels with our current political and ecological concerns. The book explores how Shakespeare uses ecological surfaces to help understand other types of surfaces in his plays and poems: characters, public-facing selves, contact zones between characters and the natural world, surfaces upon which words are written, and physical surfaces upon which plays are staged. This book will be an illuminating read for anyone studying Shakespeare, early modern culture, ecocriticism, performance, and activism.
