

Source A

This extract is from Clive James' autobiography, published in 1980. Here, he writes about going to the cinema as a child in Australia in the 1940s.

- 1 Every Saturday afternoon at the pictures there was a feature film, sixteen cartoons and an episode each from four different serials. The programme just went on and on and on. The Margaret Street children would join up with the Irene Street children and the combined mass would add themselves to the Sunbeam Avenue children and they would join the
- 5 Swarm of children from all the other areas, all moving north along Rocky Point Road towards Rockdale, where the Odeon stood.

- In summer, the concrete footpaths were hot. The tarmac footpaths were even hotter: bubbles of tar formed, to be squashed flat by our leathery bare feet. Running around on gravelled playgrounds throughout the spring, by summer we had feet that could tread on a drawing pin and hardly feel it.
- 10

- When you got to the cinema the first thing you did was stock up with lollies. Lollies was the Australian word for what the English call sweets and the Americans call candy. Some of the more privileged children had upwards of five shillings each to dispose of, but in fact two shillings was enough to buy you as much as you could eat. Everyone, without exception, bought at least one Hoadley's Violet Crumble Bar. It was a slab of dense, dry honeycomb coated with chocolate. So frangible was the honeycomb that it would shatter when bitten, scattering bright yellow shrapnel. It was like trying to eat a china vase. The honeycomb would go soft only after a day's exposure to direct sunlight. The chocolate surrounding it, however, would liquefy after only ten minutes in a dark cinema.
- 15

- Fantails came in a weird, blue packet shaped like an isosceles triangle with one corner missing. Each individual Fantail was wrapped in a piece of paper detailing a film star's biography — hence the pun, fan tails. The Fantail itself was a chocolate-coated lolly so glutinous that it could induce lockjaw in a donkey. People had to have their mouths chipped open with a gold chisel. One packet of Fantails would last an average human being forever. A group of six small boys could go through a packet during the course of a single afternoon at the pictures, but it took hard work and involved a lot of strangled crying in the dark. Any fillings you had in your second teeth would be removed instantly, while children who still had any first teeth left didn't keep them long.
- 25

- The star lolly, outstripping even the Violet Crumble Bar and the Fantail in popularity, was undoubtedly the Jaffa. A packet of Jaffas was loaded like a cluster bomb with about fifty globular lollies the size of ordinary marbles. The Jaffa had a dark chocolate core and a brittle orange candy coat: in cross-section it looked rather like the planet Earth.
- 30

- It presented two alternative ways of being eaten, each with its allure. You could fondle the Jaffa on the tongue until your saliva ate its way through the casing, whereupon the taste of chocolate would invade your mouth with a sublime, majestic inevitability. Or you could bite straight through and submit the interior of your head to a stunning explosion of flavour.
- 35

- Sucking and biting your way through forty or so Jaffas while Jungle Jim wrestled with the crocodiles on screen, you nearly always had a few left over after the stomach could take no more. The spare Jaffas made ideal ammunition. Flying through the dark, they would bounce off a child's skull with the noise of bullets hitting a bell.
- 40

Everyone either ate steadily or raced up and down the aisles or to and from the toilet or all three. The uproar was continuous, like Niagara Falls. Meanwhile the film was unrolling in front of us.

Google Adwords Display Exam Practice Questions & Dumps Maester Books,2020-02-03 Whether you re studying to make a career in online advertising or a marketing professional wanting to brush up on your paid marketing skills Google Display Ads certification is a great place to get started When you re certified by Google it shows everyone that you are an expert in the field It is the mark of distinction for an advertiser that people know they can trust But to get a Google Ads certification is no easy task That s why we created this Exam guide So you are preparing for the Google AdWords Display Ads exam to become a Marketing Specialist Here we ve brought 180 Exam Questions for you so that you can prepare well for this Adwords Display exam Unlike other online simulation practice tests you get a Paperback version that is easy to read remember these questions You can simply rely on these questions for successfully certifying this exam **Parchment, Paper, Pixels** Peter M. Tiersma,2010-06-15 Technological revolutions have had an unquestionable if still debatable impact on culture and society perhaps none more so than the written word In the legal realm the rise of literacy and print culture made possible the governing of large empires the memorializing of private legal transactions and the broad distribution of judicial precedents and legislation Yet each of these technologies has its shadow side written or printed texts easily become static and the textual practices of the legal profession can frustrate ordinary citizens who may be bound by documents whose implications they scarcely understand *Parchment Paper Pixels* offers an engaging exploration of the impact of three technological revolutions on the law Beginning with the invention of writing continuing with the mass production of identical copies of legal texts brought about by the printing press and ending with a discussion of computers and the Internet Peter M Tiersma traces the journey of contracts wills statutes judicial opinions and other legal texts through the past and into the future Though the ultimate effects of modern technologies on our legal system remain to be seen *Parchment Paper Pixels* offers readers an insightful guide as to how our shifting forms of technological literacy have shaped and continue to shape the practice of law today **Rock • Paper • Pixels** Patrick Aievoli,2025-01-20 The purpose of this book is to avail faculty and students of the many different innovations events effects and back stories equated with the advent of this new era of communications and its impact on our world At our core we are a species that needs to communicate and to find a way to properly represent those messages Since the beginning of recorded history mankind has always attempted to communicate and to keep track of its endeavors and accomplishments Now by using interaction design and modern digital media it has become possible to present our story through many current and evocative platforms As each generation comes of age this new method is being utilized in all areas of their communication choices These new generations desire their communication at a different rate than its predecessors They want their information Internet ready and interactive They are involved in the immediate and that choice is not going away Interactive media is here to stay and has new rules and new effects It is changing our economies our societies and especially us as individuals The main goal of this book is to help you see how it

started where it is going and how to be on the right side of this transformation How to take your first steps in that new direction and how to understand the effects of this new form of communication while being aware of its abilities and its dangers As a friend once said no matter how thin you slice it there are always two sides *Conference proceedings.
