against the backdrops of two epoch making socioeconomic processes During the 1980s Chinese cuisine became the first non European food widely available in Italy thanks to the widespread presence of Chinese eateries Only American fast food which established itself in Italy around the same time enjoyed comparable popularity as a destination for Italian culinary tourism Meanwhile in the early 1990s together with American hamburgers and fried chicken the American food chain Pizza Hut s pizzas and spaghetti were the first non Asian foods that post Mao Chinese customers recognized as Western The book proposes a critical framework that analyzes transcultural food mobilities by seriously assessing the confluence of diverse mobilities and their impact on food cultures Ultimately the study shows that a sophisticated interpretation of transcultural food mobilities can help address alterity and build understanding in a world of increasing political and cultural polarization

No Foreign Food Richard Pillsbury, 2018-02-12. Reading Richard Pillsbury's remarkable *No Foreign Food* like the grand opening of a new restaurant in one's neighborhood is an exciting and pleasurable event. He engagingly chronicles the amazing diversity of America's food ways that are so central to our history and culture but he also tells us why our eating habits are much more than mere gastronomic experiences. Karl Raitz, UNIVERSITY OF KENTUCKY. *No Foreign Food* is the only serious up to date treatment of American food habits that I know a subject unaccountably neglected by most students of the American scene. In Pillsbury's skillful hands American food habits become more than just a set of cranky likes and dislikes but instead a mirror to America's larger culture. It is an indispensable book for any serious student of the American scene. Pierce Lewis, PENNSYLVANIA STATE UNIVERSITY. *No Foreign Food* explores the evolution and transformation of the American diet from colonial times to the present. How and why did our bland colonial diet evolve into today's restless melange of exotic foods? Why are Hoppin John, lutefisk and scrapple once so important seldom eaten today? How has the restaurant shaped our daily menus? These and hundreds of other questions are addressed in this examination of the changing American diet.

Dimensions of Belonging and Migrants by Choice Angelika Dietz, 2011. In a translocal approach Angelika Dietz deals with the question of migration and belonging under biographical, spatial, cultural and social viewpoints. Despite a long migration history of Italians in Northern Ireland special emphasis has been placed on contemporary life stories of ten Italians and their social relations and to the network of multiple places that they have constructed.
