The Parent Connection for Singapore Math Sandra Chen, 2008 Singapore Math strategies can do wonders for student achievement but only if the parents are behind the program Get them on your side by showing them exactly how the strategies work and why they are so effective And save hours of prep time by using these ready to go handouts to provide explanations and practice Even includes special tips for winning over difficult parents Grades 1-6 Amazon **Accelerating K-8 Math Instruction** Nicki Newton, 2023 This book discusses Acceleration in Math Acceleration is a paradigm shift It is moving away from schlepping students through the fields of everything they don't know and targeting the interventions so that it serves as a footbridge into the right now Acceleration helps all students to be in the know It prepares them for upcoming lessons so that they can actively participate with the peers exploring grade level standards Acceleration is a way of saying Everybody is invited to this party Throughout this book you will learn ways to plan implement and evaluate accelerated lessons in math **Sensational Math 4-Value Whole Numbers Place Value Discs Set** Primary Concepts, 2015-08 These easy to manipulate discs provide hands on practice for developing number sense Color coded according to place value the foam discs allow students to visually track what happens when they regroup numbers in both addition and subtraction And they help illustrate that multiplication is the same as repeated addition and division the same as repeated subtraction Packaged in re-sealable poly bag for easy storage Discs are 1 in diameter 1/8 thick and made of EVA foam for easy manipulation and quiet classroom activity 25 each of 4 values one ten hundred thousand 100 total discs in set Color coding system matches Sensational Math™ Jumbo Magnetic Place Value Demonstration Discs and Sensational Math™ Place Value Cards A GEI Endorsed Product **Figuring Out Fluency - Operations With Rational Numbers and Algebraic Equations** Jennifer M. Bay-Williams, John J. SanGiovanni, C. David Walters, Sherri Martinie, 2022-07-25 This book is awesome What stood out to me was the deep understanding I was able to have about what fluency actually means Too often the message has been fluency and accuracy especially at the middle school level By providing teachers with tools for building fluency with integers expressions and algebra this book shifts that message to also focus on flexibility and strategy selection Lindsey Henderson Secondary Mathematics Specialist Utah State Board of Education Salt Lake City UT Because fluency practice is not a worksheet Fluency in mathematics is more than adeptly using basic facts or implementing algorithms It is not about speed or recall Real fluency is about choosing strategies that are efficient flexible lead to accurate solutions and are appropriate for the given situation Developing fluency is also a matter of equity and access for all learners The landmark book *Figuring Out Fluency in Mathematics Teaching and Learning* offered educators the inspiration to develop a deeper understanding of procedural fluency along with a plethora of pragmatic tools for shifting classrooms toward a fluency approach Now teachers have the chance to apply that inspiration through explicit instruction and practice every day with the classroom companion *Figuring Out Fluency Operations With Rational Numbers and Algebraic Equations* With this book

teachers can Dive deeper into the Significant Strategies for fluency explained in the anchor book as they apply to rational number operations Explore how these strategies can be applied for proportional reasoning solving equations for unknowns and solving systems of linear equations Access over 100 classroom ready activities including worked examples routines and games Find activities to explicitly teach students how to use and choose strategies to operate on rational numbers and solve algebraic equations Download all of the needed support tools game boards and other resources from the companion website for immediate implementation Give each and every student the knowledge and power to become skilled and confident mathematical thinkers and doers
