Herbert S. Mack, 2021-08-03 Nature calms and restores us For some of the most traumatized including those suffering from the devastating effects of a pandemic chronic illness untimely death of a loved one or even a veteran suffering from post traumatic stress disorder nature and gardening can be a critical component in healing process The benefits of creating an indoor green space or spending time outdoors are widely recognized for its healing properties Several studies have examined the effects of nature on our mental health and well being proving that our feelings of anxiety depression and stress can be significantly reduced just by being outside The rapid growth of the local agriculture movement highlights a need to deepen connections with the food we eat The coronavirus lockdowns are pushing more city dwellers to not only grow herbs and vegetables in their homes but also create a green space full of life and joy within your living space and providing a lasting boost to urban farming From providing fresh food for your home and community to regenerating unused spaces and containers fresh food is at your fingertips Access to fresh food options can have a profound effect on the health and well being of individuals which can transform communities and ultimately our lives With limited space in an apartment or no outdoor space at all maximize what you do have and don't let limited space inhibit you from growing a garden consider a raised bed or grow what you can grow vertically This book uses examples from around the world to demonstrate how healing gardens can be designed to support mindfulness while growing nutrient rich food and promoting a healthy lifestyle choices

Easy Organic Gardening Lee A. Saunders, 2015-12-27 For some people gardening is a passion Some people garden just as a hobby For still others it's a way to feed their families We think Shirley Mac Claine's character in Steel Magnolias said it best Because that's what Southern women do we wear funny hats and grow things in the dirt You don't have to be from the South or be a woman or even wear a funny hat to enjoy gardening The thrill of seeing your first red ripe tomato or watching your first stalk of corn reach from the ground can be an amazing experience for many people Gardening is also a great way to provide healthy food for you and your loved ones When you buy produce from the store it just isn't the same as presenting a salad to your family that came exclusively from your garden worked by your own two hands Many people choose to garden so they can have control over what type of food they eat without fear of chemicals or preservatives Often commercially grown produce is cultivated in greenhouses with the use of pesticides and chemicals to enhance their growth A quick study on these types of artificial applications can be unnerving for anyone The side effects of chemical pesticides on the human body can truly take its toll So many people are jumping on the organic bandwagon as a way to minimise the risks to themselves and their loved ones that often comes with commercially prepared foods You don't have to be a health nut to embrace organic gardening Imagine the wonderful way you'll feel knowing that you are serving foods that were grown all naturally without the risks that come from applying chemical fertilisers and pesticides It's easier than you think If you've been gardening for years or are just beginning to grow your own food organic gardening can provide you with peace of mind and pride in your produce Don't have any clues how to start That's why you're reading this book We will explore the advantages of organic
