Vol. 26: Medium-Format Photography: Getting Started Shawn M. Tomlinson, 2018-12-14 Simply put medium format photography is quite a bit more complex than shooting with 35mm film SLRs or 35mm style DSLRs It takes a bit more skill and experience to handle medium format cameras Not only do you need to learn to think differently about how you shoot but you also have a whole new type of equipment to learn Medium format cameras produce bigger images which allows for more detail and greater enlargement And because they in general were designed for professional photographers the lenses tend to be of better quality than most 35mm lenses which also adds to the detail in the images In this book we ll take a look at

medium format SLRs and TLRs and we'll even touch upon some other types We'll also consider a few lenses although these largely are a matter of choice And there are far fewer choices for medium format cameras than for other types Time to do some weight training and heft those medium format cameras and lenses into position Let's go *Photo Equipment Buying Guide*, 1979 Zirlinson Publishing: 35 Years 1983-2018: A History in Cover Art Shawn M. Tomlinson, 2018-12-16 It has been a long strange road and probably has no end clearly in sight Many more books are in the works as I write this in early December 2018 For example I have published nine novels to date and am writing nine more with plans for some beyond that The Shawn M Tomlinson's Guide to Photography series has 29 titles in print with another five or six nearly complete and plans for 30 to 40 more I'm also trying to rework and rearrange those books into omnibus editions by chronology and by theme I never will get every book done I want to do but it keeps me busy I always planned on putting out a catalog of all the Zirlinson Books but kept getting waylaid for one reason or another until now This catalog is available as a print book in color The color print book will be cost prohibitive for many people so there likely will be a black and white version available too

Tomlinson, 2015-07-03 Photographer and writer Shawn M Tomlinson author of the Photo Curmudgeon column and books gives the budding photographer an inexpensive way to move into serious photography with good equipment Tomlinson considers the financial restrictions of novice photographers in this how to book that gives detailed step by step help He illustrates his points with many photographs shot with the cameras he recommends As a bonus this book also contains Volume 2 of the Shawn M Tomlinson's Guide to Photography series How to Pack a Camera Gadget Bag Vol. 31: Going Film Pro II: The Canon EOS 1N: Standard Edition Shawn M. Tomlinson, 2018-12-31 In some ways the Nikon F5 is easier to use than the Canon EOS 1N but it is not nearly as elegant There's just something about the way the Canon EOS 1N feels in my hands when I'm shooting with it that makes me never want to put it down In that way it reminds me much more of the Nikon F4S than the Nikon F5 Practically since I placed the order for the camera it was inevitable that I would need to write about it If you are seeking the perfect late model film SLR camera you need look no further than the second to last pro level Canon EOS 1N Just load a roll of film take the camera in your hands and start shooting You too will never want to let it go Moose Peterson's Guide to Wildlife Photography Bruce Peterson, 2003 With more than 20 years experience in wildlife photography Moose Peterson is America's most accomplished documenter of endangered species He reveals his professional secrets and techniques in his most comprehensive and spectacularly photographed guide to date Peterson explains exactly how to make the most of your equipment and how to use animals habits to optimize your results Find the right tools for the job including every type of lens learn techniques such as panning shooting from blinds and remote triggering of the flash and take expert advice on how to make the subject really come to life in your images Understand how to use animals habits to optimize your results see how to frame the animal within a background for that perfect shot and explore techniques for modifying the natural light to really

highlight your subject Of course Peterson has fascinating stories to tell about his own experiences and his fabulous photos provide real enjoyment even as they teach valuable lessons

Retro Camera Buying Guide: Getting Serious About Photography On the Cheap! Expanded and Revised Shawn M. Tomlinson, 2018-04-17 A lot has changed since I wrote and published this first volume of what became this guide series One thing hasn't I still have the same enthusiasm and joy in photography I had way back at the beginning of the series I have a lot more knowledge and experience now and occasionally even get close to taking good photographs That's the thing see I didn't know a lot when I originally wrote this guide I had been working in photography since 1982 professionally Everything I knew pretty much was self taught In general that's still true There's no need for you to do it all by yourself too though This book and this series are meant to help you get going with the basics fast Yes OK I tend to relate my own experiences but that too is meant to help you avoid some basic mistakes I made And perhaps I write in a tad too friendly manner but think of it as sitting down with me to have a friendly talk about a passion we share

Tales Vols. 1-4: In the Mind of the King Shawn M. Tomlinson, 2018-03-10 Be wary ye who Sorry Just wanted to warn you up front that some of these stories don't have conclusions Most of them do but some I just never could finish Oh yeah and some of them are parts of series that are here published alone because I just was unable to find the other stories I swore when I was young that that would never happen to me It did I'm dealing with it The reason that such stories those without endings and those for which there are other connected stories is that well I'm getting old I wanted to collect the majority of my writings before I'm dead Some of these are very early stories The earliest I believe is Counterterrorist Yes the main character's name is Jack but it was written many years decades before Jack Bauer counterterrorist made it to TV in 24 That should be obvious but I thought I'd mention it Just try to enjoy the stories
