Religious Entrepreneurism in China's Urban House Churches Li Ma, 2019-06-27 This book offers a unique historical documentation of the development of the ambitious religious entrepreneurship by leaders of the Early Rain church and later Western China Presbytery leadership in an effort to gain social influence in China through local institution building and global public image management It unravels the social processes of how this Christian community with a public image of defending religious freedom in China was undermined by an internal loss of moral authority Based on publicly available texts from Chinese social media that aren't readily available in the West as well as in depth interviews it is framed by existing scholarship in social theories of the public sphere charismatic domination in social transition and the role of power in organizational behaviour These churches stories show how Christianity which has long been politically marginalized in communist China has not only adapted and challenged the socio political status quo but how it was also ironically shaped by the political culture This is an insightful and critical ethnographic study of one of modern China's most famous house churches As such it will be of great interest to scholars of Religion in China as well as those working in Religious Studies Asian studies Chinese studies and Mission Studies more generally

Urban Ministry Ronald E. Peters, 2011-07-01 A comprehensive introduction to the particular challenges and opportunities of congregational ministry in urban settings Urban ministry has long been a part of seminary curricula but a basic and definitive understanding of what students should know as they prepare for congregational ministry in the city has remained elusive Too often it is assumed that the theological resources developed for ministry in other settings are adequate for urban ministry but these resources fail to account for the unique challenges and opportunities of the urban setting Ronald Peters clarifies the nature of urban ministry as a theological discipline by showing how its core values of love justice community and reconciliation among others engage the issues of economics education family life public health ethnic relations and religious life in the urban environment Arguing that the city has always served as an arena of God's activity Peters articulates a theological rationale for urban ministry that is both hopeful and yet realistic affirming that God loves the city and its people and encouraging practitioners to do the same

Varieties of Religious Space. Freedom, Worship and Urban Justice Melisa Liana Vazquez, 2024-05-07 Negli ultimi anni si sovente parlato di de secolarizzazione Al tempo stesso tuttavia non si mai spenta la voce di chi afferma che la modernit ha inaugurato un epoca in cui la religione in via di estinzione e la secolarizzazione ha vinto la partita della storia Se cos fosse un libro sullo spazio religioso sarebbe poco pi che un testo su un tema di nicchia C da chiedersi tuttavia lo spazio religioso pu davvero considerarsi scisso e categoricamente distinguibile dallo spazio in generale Le citt europee sono state storicamente costruite intorno a una chiesa collocata accanto alla sede del governo generando a sua volta lo spazio della piazza pubblica principale Nella maggior parte dei siti urbani questa distribuzione topografica urbana permane e l Italia costituisce da questo punto di vista un esempio paradigmatico Proprio in Italia i conflitti sull utilizzo delle chiese cattoliche in disuso sulle comunit musulmane che necessitano di spazi per la preghiera sugli spazi interreligiosi e sul connesso uso dello spazio urbano nel suo complesso riflettono preoccupazioni pressanti su come vivere le nostre citt sempre pi plurali e su come definire i confini tra la libert degli uni e la libert degli altri

Su questo terreno di scontro entra in gioco il diritto che regola lo spazio e tutte le pratiche che si svolgono al suo interno. La liturgia intesa attraverso la sua radice etimologica di azione nello spazio pubblico serve come chiave ricostruttiva cognitiva che potrebbe supportare il diritto a qualificare in modo più adeguato gli oggetti e i destinatari della regolamentazione da esso offerta. Se il tempo e lo spazio sono impossibili da separare, guardare indietro è l'unico modo per scandagliare il futuro e viceversa. A questo scopo, nel testo vengono offerte alcune brevi incursioni storiche accanto all'analisi giuridica dell'esperienza contemporanea e ci si pone l'obiettivo di illuminare un percorso possibile verso un orizzonte di giustizia spaziale. Nei tre capitoli che lo compongono, il volume tratta rispettivamente del rapporto tra spazio sacro e spazio secolare, della città delle questioni teorico giuridiche e giurisdizionali che ruotano attorno al problema della disponibilità dei luoghi di culto all'interno del tessuto urbano e infine dei presupposti storici e metodologici per l'elaborazione di una giustizia spaziale costituzionale.

DOI 10.13134/9791259773227 The Death Care Industry and Urban Gun Violence Melvin Delgado, 2025-08-03. This book provides a unique foundation upon which to view how the involvement of the death care sector offers a potential route to take in practice and research in reaching urban communities of color dealing with gun-related deaths. Gun violence in the United States is a salient national problem with virtually no day that goes by without it occurring. Where gun violence occurs in turn must be examined to facilitate understanding of how context influences the significance of the shooting. In the case of this book, the context is urban and death care sector: funeral homes, cemeteries, and houses of worship. Understanding how these settings shape public reactions helps inform us as to how best to address this social and public health problem in the nation's urban centers and its consequences for communities. The book addresses five interrelated goals that weave together a variety of themes to produce a vision and guidance needed for a new practice arena:

- 1 ground readers in the latest statistical information on urban gun violence in this country
- 2 review existing approaches to preventing and intervening in community gun violence with a focus on cities
- 3 uplift the importance of the death care industry in meeting the needs of families and friends of gun victims
- 4 Attention is also paid to how funeral homes have expanded their vision of services to aid their community
- 5 provide readers with details and insights into how to develop collaborative projects with systems of care through a series of case illustrations and 5 put forth community practice education and research recommendations for how best to prepare future practitioners wishing to work with the death care sector on other related community issues to better serve urban communities.

The Death Care Industry and Urban Gun Violence is a must read for community psychologists, social workers, public health practitioners, community educators, sociologists, community medical providers, criminologists, and urban planners as well as academics and students in these fields. Policy makers will also find the book of interest.

Religious Pluralism and the City Helmuth Berking, Silke Steets, Jochen Schwenk, 2018-04-05. Religious Pluralism and the City challenges the notion that the city is a secular place and calls for an analysis of how religion and the city are intertwined. It is the first book to analyze the explanatory value of a number of typologies already in use around this topic.

from holy city to secular city from fundamentalist to postsecular city By intertwining the city and religion urban theory and theories of religion this is the first book to provide an international and interdisciplinary analysis of post secular urbanism The book argues that given the rise of religiously inspired violence and the increasing significance of charismatic Christianity Islam and other spiritual traditions the master narrative that modern societies are secular societies has lost its empirical plausibility Instead we are seeing the pluralization of religion the co existence of different religious worldviews and the simultaneity of secular and religious institutions that shape everyday life These particular constellations of religious pluralism are above all played out in cities Including contributions from Peter L Berger and Nezar Alsayyad this book conceptually and empirically revokes the dissolution between city and religion to unveil its intimate relationship and offers an alternative view on the quotidian state of the global urban condition Public Religion and Urban Transformation Lowell

Livezey,2000-05 This text offers a sweeping view of urban religion in response to the transformations of large cities Focusing on Chicago it explores the ways in which religious organizations both reflect and contribute to changes in American pluralism

Secularism Julia Martínez-Ariño,2020-12-30 While French la cit is often considered something fixed its daily deployment is rather messy What might we learn if we study the governance of religion from a dynamic bottom up perspective Using an ethnographic approach this book examines everyday secularism in the making How do city actors understand frame and govern religious diversity Which local factors play a role in those processes In Urban Secularism Negotiating Religious Diversity in Europe Julia Mart nez Ari o brings the reader closer to the entrails of la cit She provides detailed accounts of the ways religious groups city officials municipal employees secularist actors and other civil society organisations negotiate concrete public expressions of religion Drawing on rich empirical material the book demonstrates that urban actors draw and
