

Ma soprattutto U.S.A. è la voce del popolo.

La trilogia U.S.A. (il 42° parallello, Milenneventyfoorlaanveer e Un mucchio di quattrini) racconta i primi trent'anni del XX secolo americano e rappresenta la più importante e longeva matrice del "grande romanzo americano". John Dos Passos coniuga l'estro formale e avanguardistico degli anni Venti con lo scavo storico, culturale e linguistico nelle radici nazionali della Grande Depressione; mette a nudo i costi inflitti al tessuto sociale e psicologico del paese da una modernizzazione senza uguali; e traccia la parabola del fallimento di una democrazia che ha tradito i propri ideali di uguaglianza, libertà, giustizia, opportunità, sacrificandoli al "mucchio di quattrini". Alla geografia del paese da costa a costa, allo scandaglio della società in tutti i suoi strati si intreccia la ricostruzione storica che, affiancando cronache minute e quotidiane dei personaggi di fantasia a eventi ufficiali delle biografie di personaggi emblematici, tratteggia i grandi fenomeni politici e di pensiero del trentennio. Per comporre un mosaico così complesso, Dos Passos sperimenta diverse modalità narrative: le vicende di dodici personaggi inventati; le brevi biografie di ventisette americani famosi; cine-giornali che interrompono le narrazioni con slogan pubblicitari, testi di canzoni popolari e titoli dei giornali; e ventinoveci squarci di riprese fotografiche o cinematografiche, passaggi joyceiani in cui l'autore registra la propria vita sensoriale, vere e proprie incursioni nella soggettività. Il risultato è un'opera unica, una vera enciclopedia del continente americano, capace di misurarsi con il respiro epico di una nazione-mondo e con i suoi miti fondativi.

John Dos Passos Chicago 1896 - Baltimore 1970. Fu scrittore assai prolifico di romanzi, poesie, saggi, diari, e anche reporter e pittore. Oltre alla "trilogia americana" (1930), ricordiamo *Manhattan Transfer* (1925) e la trilogia *Decline of Columbus* (1928-49). La sperimentazione di U.S.A. ha ispirato sia il neo giornalismo americano (Thomas Capone, Norman Mailer, Joan Didion) sia l'epica di Underworld di Don DeLillo.

Usa 1 3 John Dos Passos:

Dos Passos Linda W. Wagner, 2014-09-10 In most of his half century of writing John Dos Passos consistently tried to capture and define the American character The complete range of his work builds to Dos Passos concept of contemporary chronicle his own name for his fiction In this first study of all Dos Passos writing Linda W Wagner examines his fiction poetry drama travel essays and history a body of work that evokes a vivid image of America meant to be neither judgmental nor moralistic From Manhattan Transfer to U S A to District of Columbia to The Thirteenth Chronicle and Mid century Wagner illuminates Dos Passos work with fresh readings and new interpretations She makes extensive use of unpublished manuscript material so that this is a casebook of Dos Passos interest in craft and method as well as a thematic study In addition this volume chronicles the years during which Dos Passos wrote the immediate post World War I period through the twenties and thirties and well into the fifties This is an important book both in literary criticism and in American social history

American Book Publishing Record Cumulative, 1876-1949: Fiction. Juvenile fiction R.R. Bowker Company. Department of Bibliography, 1980 *The Bicentennial of the United States of America* American Revolution Bicentennial Administration, 1977 **The Battle Hymn of the Republic** John Stauffer, Benjamin Soskis, 2013-05-09 It was sung at Ronald Reagan s funeral and adopted with new lyrics by labor radicals John Updike quoted it in the title of one of his novels and George W Bush had it performed at the memorial service in the National Cathedral for victims of September 11 2001 Perhaps no other song has held such a profoundly significant and contradictory place in America s history and cultural memory than the The Battle Hymn of the Republic In this sweeping study John Stauffer and Benjamin Soskis show how this Civil War tune has become an anthem for cause after radically different cause The song originated in antebellum revivalism with the melody of the camp meeting favorite Say Brothers Will You Meet Us Union soldiers in the Civil War then turned it into John Brown s Body Julia Ward Howe uncomfortable with Brown s violence and militancy wrote the words we know today Using intense apocalyptic and millenarian imagery she captured the popular enthusiasm of the time the sense of a climactic battle between good and evil yet she made no reference to a particular time or place allowing it to be exported or adapted to new conflicts including Reconstruction sectional reconciliation imperialism progressive reform labor radicalism civil rights movements and social conservatism And yet the memory of the song s original role in bloody and divisive Civil War scuttled an attempt to make it the national anthem The Daughters of the Confederacy held a contest for new lyrics but admitted that none of the entries measured up to the power of the original The Battle Hymn has long helped to express what we mean when we talk about sacrifice about the importance of fighting in battles both real and allegorical for the values America represents It conjures up and confirms some of our most profound conceptions of national identity and purpose And yet as Stauffer and Soskis note the popularity of the song has not relieved it of the tensions present at its birth tensions between unity and discord and between the glories and the perils of righteous enthusiasm If anything those tensions became more

Solzhenitsyn's Traditional Imagination James M. Curtis, 2008 Most critics overlook the literary significance of Alexander Solzhenitsyn's work focusing instead on biographical political and moral interpretations This examination of Solzhenitsyn's major novels *One Day in the Life of Ivan Denisovich* *The First Circle* *Cancer Ward* and *August 1914* emphasizes that his writings must be understood within the tradition of Russian literature and the context of Western culture James M Curtis provides a detailed analysis of Tolstoy's crucial influence on Solzhenitsyn and he discusses at length Solzhenitsyn's relationship to Dostoyevsky Leskov Chekhov and Zamyatin Curtis also demonstrates that a study of Ernest Hemingway whose books have been enormously popular in Russia and Virginia Woolf can contribute to our understanding of the Russian novelist Solzhenitsyn's *Traditional Imagination* includes a chapter on Dos Passos and Eisenstein whose work constituted Solzhenitsyn's first major artistic interest outside Russian literature The chapter presents the first comprehensive examination of the importance of film for Solzhenitsyn and shows how he learned the use of film technique in literature from Dos Passos and how he adapted it from Eisenstein's films This was the first full length study to use Solzhenitsyn's revised editions of *One Day* *The First Circle* and *Cancer Ward* all published in 1978 Professor Curtis's careful use of the best available texts together with his wide knowledge of contemporary literary criticism and his insistence upon Solzhenitsyn's purely literary importance make this a valuable book for all students of Solzhenitsyn's fiction **Cinematic Fictions** David

Seed, 2012-01-01 The phrase cinematic fiction has now been generally accepted into critical discourse but is usually applied to post war novels This book asks a simple question given their fascination with the new medium of film did American novelists attempt to apply cinematic methods in their own writings From its very beginnings the cinema has played a special role in defining American culture Covering the period from the 1910s up to the Second World War *Cinematic Fictions* offers new insights into classics like *The Great Gatsby* and *The Grapes of Wrath* discussing major writers critical writings on film and active participation in film making *Cinematic Fictions* is also careful not to portray cinema as a single or stable entity Some novelists drew on silent film others looked to the Russian theorists for inspiration and yet others turned to continental film makers rather than to Hollywood Film itself was constantly evolving during the first decades of the twentieth century

and the writers discussed here engaged in a kind of dialogue with the new medium selectively pursuing strategies of montage limited point of view and scenic composition towards their different ends Contrasting a diverse range of cinematic and literary movements this will be compulsory reading for scholars of American literature and film *Cybernetic Aesthetics* Heather A. Love, 2023-09-28 *Cybernetic Aesthetics* draws from cybernetics theory and terminology to interpret the communication structures and reading strategies that modernist text cultivate In doing so Heather A Love shows how cybernetic approaches to communication emerged long before World War II they flourished in the literature of modernism s most innovative authors This book engages a range of literary authors including Ezra Pound John Dos Passos Gertrude Stein Virginia Woolf and James Joyce and cybernetics theorists such as Norbert Wiener Claude Shannon Ross Ashby Silvan Tomkins Margaret Mead Gregory Bateson and Mary Catherine Bateson Through comparative analysis Love uncovers cybernetics relevance to modernism and articulates modernism s role in shaping the cultural conditions that produced not merely technological cybernetics but also the more diffuse notion of cybernetic thinking that still exerts its influence today
