reflected in linguistic and literary developments A small number of significant works for each period are discussed one of which is selected for a case study at the end of each chapter where it is subjected to detailed stylistic analysis and appraised for the degree of indigenization or other linguistic or socio historic influences on style The methodology adopted is a linguistic approach to stylistics focusing on indigenization of English inspired by the work of Chantal Zabus in her book *The African Palimpsest Indigenization of Language in the West African Europhone Novel* 2007 1991 The conclusion reappraises the original hypothesis that the specific characteristi
