What Makes the Great Great Dennis Kimbro, 2011-02-23 Part vocational pep rally part how to book in *What Makes the Great Great* bestselling author Dennis Kimbro explores the strategies and thought processes of successful African Americans *What Makes the Great Great* elaborates on the inspiring message Dennis Kimbro put forth in his first book *Think and Grow Rich A Black Choice* Through dozens of interviews and the inspirational stories of people like John H Johnson Publisher of *Ebony* magazine Condoleeza Rice Provost of Stanford University and Ann Fudge President of Maxwell House Coffee Dr Kimbro outlines the nine strategies that determine success According to Dr Kimbro being great depends on a commitment to making dreams come true All high achievers make choices not excuses We all have the seeds of greatness in us and his book gives readers the tools to discover and nurture those seeds showing them how to motivate themselves to master every aspect of their lives

What Makes America Great? Lon Cantor, 2003-06 Unlike dry history books *What Makes America Great* is written in a breezy personal style It makes history come alive with humanizing stories about the men and women who made America great Chapter 1 provides objective proof of America's greatness using a lot of statistics Chapters 2 and 3 cover the early history of America and explain why we revolted Chapter 4 explains our victory over England in the American Revolution a tremendous upset Few Americans know how the colonists achieved this astounding feat Some modern debunkers like to say that our founding fathers acted out of selfishness rather than principle Chapter 5 shows the idealism of our founders and details the sacrifices made by the signers of the Declaration of Independence Our founding fathers were faced with the exciting but daunting task of creating an entirely new kind of country Well educated men they based the United States on principles developed by the world's greatest philosophers Chapter 6 starts with Moses and goes through Locke and Voltaire Each philosopher's ideas are related to American ideals The Declaration and the Constitution are the two greatest publications mankind has ever known But they weren't created out of thin air Chapter 7 discusses the precedents our forefathers studied before drafting these two great documents In Chapter 8 each American war is discussed in the light of whether it was just or unjust Chapter 9 covers the role of immigrants in shaping America It shows the challenges obstacles and contribution of each immigrant group No country is perfect not even America Chapter 10 discusses the five areas in which America has done wrong Indians slaves women prejudice and education Chapter 11 is a glimpse into the future of America

The It Factor: What Makes a Teacher Great? Holly J. Thornton, 2018-05-16 The impact a teacher has on students may be profound and lasting Thus teacher preparation is grounded in standards to assure that all teacher candidates know the content and have the skills needed to become good teachers What makes a teacher great The answer is not clear cut or easily measured with tests But we all know a great teacher when we see one The best teachers have an It Factor that sets them apart from others It is seemingly intangible and unteachable as it's often said that Some people are just born to be teachers This book challenges that assumption and uncovers the It Factor Teacher and student voices helped to

develop language and tools to examine how teachers are disposed to think and act and how this affects student learning If we can identify what makes teachers great we can teach it Students have a sea of information opinions and messaging at their fingertips They find themselves navigating through a myriad of facts and alternative facts Opinions beliefs and fallacies share the same platform and status as well grounded information and vetted ideas fueling tensions among individuals and distance between groups Developing students who are caring critical thinkers and problem solvers may be more important now than ever The teachers who are right for this challenge have more than content knowledge and teaching skills To meet this challenge teachers need to have It that something inside that makes them not just good teachers but great ones **HBR's**
