**What Smart Students Know** Adam Robinson, 1993-07-27 Argues that smart students have a different attitude about school and learning and offers advice on taking notes studying preparing for tests and writing papers Effective Classroom Turnaround John Jensen, 2012-08-31 Effective Classroom Turnaround Practice Makes Permanent the third book in the Practices Makes Permanent series contends that because students learn and behave differently educators must thoughtfully approach them in the classroom in order to affect change Like all humans students respond to conditions around them Regardless of their habits and behaviors at home or in school educators can successfully stimulate them to approach education in a new more positive light Effective Classroom Turnaround offers teachers over fifty ways to generate cooperation enthusiasm and consistent academic success by utilizing principles of learning and motivation that are often ignored or at best underused even in the best schools Embracing the idea that school reform occurs in the classroom and not in the boardroom this guide will effectively connect instruction with students motivation and performance **The Silver Bullet Easy Learning System** John Jensen, 2007-12-11 Students can change rapidly Just entering a different room they may feel happier and more successful because they respond instantly to changed conditions The same students may be bored and uncooperative and then learn zestfully The most powerful influence available to teachers is students opinion of each other Properly applied it inspires them to do better in all ways with results evident in a couple weeks K 12 They re more cooperative supportive gain firm knowledge hourly and are proud of their accomplishments National legislation ordering schools to change is an unwanted distraction Teachers instead need methods easy to apply that work quickly and obviously With seven key elements and fifty four methods this book explains How current instruction insures superficial learning Easy changes that increase long term mastery How the axiom Practice makes perfect applies to learning How to generate pride with hourly success and turn it into a body of knowledge The absolute fastest way to get mutual support and harmony How to make learning a team sport that includes everyone How to solve the national problem of assessing learning objectively How to discipline without alienating How students remember the most for the longest time **The Moore Method** Charles Arthur Coppin, W. Ted Mahavier, E. Lee May, Edgar Parker, 2009 The Moore method is a type of instruction used in advanced mathematics courses that moves away from a teacher oriented experience to a learner centered one This book gives an overview of the Moore Method as practiced by the four authors The authors outline six principles they all have as goals elevating students from recipients to creators of knowledge letting students discover the power of their minds believing every student can and will do mathematics allowing students to discover present and debate mathematics carefully matching problems and materials to the students and having the material cover a significant body of knowledge Topics include establishing a classroom culture grading methods materials development and more Appendices include sample tests notes and diaries of individual courses *Super Student* Olav Schewe, 2019-10-17 Techniques to Perform Optimally Learn More

Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
