Ralph Ellison and the Politics of the Novel Herbert William Rice, 2003-01-01 In this engaging study H William Rice illuminates the mystery that is Ralph Ellison the author of one complex important novel who failed to complete his second a black intellectual who remained notably reticent on political issues during the desegregation of his native South Rice reads both *Invisible Man* and the posthumously published *Juneteenth* as novels that focus on the political uses of language He explores Ellison s concept of the novel promulgated in that author s two collections of essays as an inherently political form of art And he carefully considers the political context that undoubtedly impacted Ellison s work and thought a world and a time rocked to its foundation by such revolutionary actors as Martin Luther King Jr and Malcolm X Rice guides his reader to a greater understanding of Ralph Ellison his oeuvre and the American novel

Novels, Rhetoric, and Criticism: A Brief History of Belles Lettres and British Literary Culture, 1680 - 1900 Jack M. Downs, 2022-09-06 Developing a history of the English novel requires the inclusion of a vast range of cultural economic religious social and aesthetic influences But the role of eighteenth century English rhetorical theory in the emergence of the novel and the critical discourse surrounding that emergence has often been neglected or overlooked The influence of rhetorical theory in the development of the English novel is undeniable however and changes to rhetorical theory in Britain during the eighteenth century led to the development of a critical aesthetic discourse about the novel in Victorian England This study argues that eighteenth century belles lettres rhetorical theory played a key role in developing a horizon of expectation concerning the nature and purpose of the novel that extended well into the nineteenth century There is a connection between the emergence of the English novel eighteenth century rhetorical theory and Victorian novel criticism that has been neglected this study attempts to recover and articulate that connection

Political Fiction and the American Self John Whalen-Bridge, 1998 Examining political novels that have achieved or been denied canonical status John Whalen Bridge demonstrates how Herman Melville Jack London Norman Mailer Ralph Ellison Toni Morrison and Margaret Atwood have grappled with the problem of balancing radicalism and art He shows that some books are more political than others that some political novelists are more skillful than others and that readers must allow for basic working distinctions between politics and aesthetics if we are to make useful judgments about which political novels to read and why Whalen Bridge demonstrates with clarity and power that the American political novel should not be ostracized but celebrated as a genre equal or superior to poetic and aesthetic ones Tobin Siebers author of *Cold War Criticism and the Politics of Skepticism*

The Cambridge Companion to the Eighteenth-Century Novel John Richetti, 1996-09-05 In the past twenty years our understanding of the novel s emergence in eighteenth century Britain has drastically changed Drawing on new research in social and political history the twelve contributors to this Companion challenge and refine the traditional view of the novel s origins and purposes In various ways each seeks to show that the novel is not defined primarily by its realism of representation but by the new ideological and cultural functions it serves in the emerging modern world of print culture Sentimental and Gothic fiction and fiction by women are discussed alongside detailed readings of work by Defoe Swift Richardson Henry Fielding Sterne Smollett and Burney This multifaceted picture of the novel in its formative decades provides a comprehensive and indispensable guide for students of the eighteenth century British novel and its place within the culture of its time

Narrative Conventions and Race in the Novels of Toni Morrison Jennifer Lee Jordan Heinert, 2012-11-12 This study analyzes the relationship between race and genre in four of Toni Morrison s novels The Bluest Eye Tar Baby Jazz and Beloved Heinert argues how Morrison s novels revise conventional generic forms such as bildungsroman folktales slave narratives and the formal realism of the novel itself This study goes beyond formalist analyses to show how these revisions expose the relationship between race conventional generic forms and the dominant culture Morrison s revisions critique the conventional roles of African Americans as subjects of and in the genre of the novel and re write roles which instead privilege their subjectivity This study provides readers with new ways of understanding Morrison s novels Whereas critics often fault Morrison for breaking with traditional forms and resisting resolution in her novels this analysis show how Morrison s revisions shift the narrative truth of the novel from its representation in conventional forms to its interpretation by the readers who are responsible for constructing their own resolution or version of narrative truth These revisions expose how the dominant culture has privileged specific forms of narration in turn these forms privilege the values of the dominant culture Morrison s novels attempt to undermine this privilege and rewrite the canon of American literature
