Rudolf Steiner,2014 The central motif in these lectures relates to the appearance of Christ on earth knowledge of his historical incarnation as well as Christs manifestation in the present and future periods of human development Rudolf Steiner creates an arc from the pre Christian mysteries through Gnosticism and the older studies of the early Church Fathers to Scholasticism and neo Scholasticism After ancient faculties of clairvoyance had begun to fade he explains human beings could no longer see beyond the world of outer appearances and direct perceptions of Christ were therefore no longer possible And so the question arose as to how limitations on human knowledge could be overcome a question which remains pertinent in our time Steiner asserts that only a transformation of thinking enabling a living and conscious inner conceptual life can allow for a true understanding of the relationship between the earthly Jesus and the cosmic Christ Such living thinking leads in turn to direct experience *Contemporary Indian Literature* ,1964 *The Juvenile Instructor* ,1899
