**The Battle for Palestine 1917** John D. Grainger, 2006 The story of Allied victory in the Holy Land, far from the carnage of the Western Front, but a crucial morale-boosting success under the aggressive and forward-thinking General Allenby. Three battles for the control of the key fortress city of Gaza took place in 1917 between the British force with units from across the Empire, most notably the ANZACs and the Turks. The Allies were repulsed twice but on their third attempt, under the newly appointed General Allenby, a veteran of the Western Front where he was a vocal critic of Haig's command, finally penetrated Turkish lines, captured southern Palestine, and as instructed by Lloyd George, took Jerusalem in time for Christmas, ending 400 years of Ottoman occupation. This third battle, similar in many ways to the contemporaneous fighting in France, is at the heart of this account, with consideration of intelligence, espionage, air warfare, and diplomatic and political elements, not to mention the logistical and medical aspects of the campaign, particularly water. The generally overlooked Turkish defence in the face of vastly superior numbers is also assessed. Far from laying out and executing a pre-ordained plan, Allenby, who is probably still best remembered as T. E. Lawrence's commanding officer in Arabia, was flexible and adaptable, responding to developments as they occurred.

**Collected Papers on Analytical Psychology** C. G. Jung, 2018-03-25 The Collected Works of C. G. Jung is a book series containing the first collected edition in English translation of the major writings of Swiss psychiatrist Carl Gustav Jung. The series contains revised versions of works previously published, works not previously translated, and new translations of many of Jung's writings. Several of the volumes are extensively illustrated; each contains an index and most contain a bibliography. Prior to Jung's death, he supervised the revisions of the text, some of which were extensive. An enormous body of Jung's work still remains unpublished.
