the People's Liberation Army that show for the first time the frenzy and violence of the Cultural Revolution in Tibet Found only after his death Woese's annotations and reflections on the photographs edited and introduced by the Tibet historian Robert Barnett are based on scores of interviews she conducted privately in Tibet with survivors Her book explores the motives and thinking of those who participated in the extraordinary rituals of public degradation and destruction that took place carried out by Tibetans as much as Chinese on the former leaders of their culture Heartbreaking and revelatory Forbidden Memory offers a personal literary discussion of the nature of memory violence and responsibility while giving insight into the condition of a people whose violently truncated history they are still unable to discuss today Access the glossary
