

AITA For Sleeping With My Brother's Widow?

Hi. 37M. So I'm alternating between feeling like a giant a**hole and feeling hopeful and excited about someone for the first time in a while.

I'm one of four boys in my family, and I was the closest growing up to my brother Patrick, who was two years younger than me. Patrick met his wife, Erin, when he was fourteen, and he was completely committed to her from that point on. I've always liked Erin and viewed her as a little sister since I've known her so long.

Patrick passed away in an accident. Everyone was devastated, but Erin took it the hardest. My whole family (especially my mom) tried to be there for her, but she wasn't herself at all for around two years. She seems to be doing much better now, but her entire life seems to revolve around her job and taking care of Madeline. I asked a few months ago if she's dated anyone since Patrick passed, and she went out with one person casually for a few months, but that's it.

Again, I always thought of Erin as a little sister and Patrick's wife. I don't know why things changed, but for the last year or so, I've been thinking about her constantly. I love our weekly lunches, enjoy seeing her, and just feel like she's one of my best friends... I've told myself time and time again that I can never cross that line because I don't want to disrespect Patrick or put Erin in a strange position with my family.

But this weekend, one of our mutual friends got remarried. We were at the same table and both drank too much.
