The Operation of Grace Wolfe Gregory,2016-12-29 The Operation of Grace collects a decade s worth of essays by Gregory Wolfe taken from the pages of Image the literary journal he founded more than a quarter century ago As he notes in the preface his Image editorials while they cover a wide range of topics focus on the intersection of art faith and mystery Wolfe believes that art and religion while hardly identical offer illuminating analogies to one another art deepening faith through the empathetic reach of the imagination and faith anchoring art in a vision beyond the artist s ego Several essays dwell on how aesthetic values like ambiguity tragedy and beauty enlarge our understanding of the spiritual life There are also a series of reflections that extend Wolfe s campaign to renew the neglected and often misunderstood tradition of Christian humanism Finally there are sections that contain more personal meditations arising from Wolfe s involvement in nurturing and promoting the work of emerging writers and artists The Operation of Grace demonstrates once again why novelist Ron Hansen has spoken of Wolfe as one of the most incisive and persuasive voices of our generation

Sylvia Leonard Michaels, 2017-09-09 Leonard es un joven aspirante a escritor en el Nueva York de los años sesenta. Un día conoce a Sylvia en el apartamento de una amiga en el Village y queda totalmente subyugado por su belleza. La cuestión de qué hacer con mi vida en los cuatro años siguientes queda resuelta recordar casi tres décadas después. Sin embargo la convivencia no resultará fácil. Su relación saldrá pronto de la alegría y la bohemia de los locales de jazz de la época y caerá en el desánimo y las peleas. Un amor tempestuoso y trágico que causa en la vida del joven Leonard una conmoción similar a la que las nuevas costumbres estaban provocando en la sociedad norteamericana del momento. Escrita con extraordinaria claridad y precisión Sylvia es una novela autobiográfica sobre el poder destructivo del amor que retrata de manera fascinante la intimidad de una pareja. Leonard Michaels fue uno de los autores norteamericanos más admirados de la segunda mitad del siglo XX. Sylvia es la que trabajó incansablemente durante años y que fue publicada en su forma definitiva en 1992 seguramente sea su mejor obra. El escritor norteamericano más apasionante que ha aparecido en años. Susan Sontag. Cada página revela la impronta de un talento original y extraordinario. William Styron.
