What Is Wrong With Bambi Haggins Face:

Laughing Mad Bambi Haggins, 2007 In *Laughing Mad* Bambi Haggins looks at how this transition occurred in a variety of media and shows how this integration has paved the way for black comedians and their audiences to affect each other Historically African American performers have been able to use comedy as a pedagogic tool interjecting astute observations about race relations while the audience is laughing And yet Haggins makes the convincing argument that the potential of African American comedy remains fundamentally unfulfilled as the performance of blackness continues to be made culturally digestible for mass consumption

Birth of an Industry Nicholas Sammond, 2015-08-27 In *Birth of an Industry* Nicholas Sammond describes how popular early American cartoon characters were derived from blackface minstrelsy He charts the industrialization of animation in the early twentieth century its representation in the cartoons themselves and how important blackface minstrels were to that performance standing in for the frustrations of animation workers Cherished cartoon characters such as Mickey Mouse and Felix the Cat were conceived and developed using blackface minstrelsy's visual and performative conventions these characters are not like minstrels they are minstrels They play out the social cultural political and racial anxieties and desires that link race to the laboring body just as live minstrel show performers did Carefully examining how early animation helped to naturalize virulent racial formations Sammond explores how cartoons used laughter and sentimentality to make those stereotypes seem not only less cruel but actually pleasurable Although the visible links between cartoon characters and the minstrel stage faded long ago Sammond shows how important those links are to thinking about animation then and now and about how cartoons continue to help to illuminate the central place of race in American cultural and social life

Corson,2016-03-22 From 1972 to 1976 Hollywood made an unprecedented number of films targeted at black audiences But following this era known as blaxploitation the momentum suddenly reversed for black filmmakers and a large void separates the end of blaxploitation from the black film explosion that followed the arrival of Spike Lee s She s Gotta Have It in 1986 Illuminating an overlooked era in African American film history Trying to Get Over is the first in depth study of black directors working during the decade between 1977 and 1986 Keith Corson provides a fresh definition of blaxploitation lays out a concrete reason for its end and explains the major gap in African American representation during the years that followed He focuses primarily on the work of eight directors Michael Schultz Sidney Poitier Jamaa Fanaka Fred Williamson Gilbert Moses Stan Lathan Richard Pryor and Prince who were the only black directors making commercially distributed films in the decade following the blaxploitation cycle Using the careers of each director and the twenty four films they produced during this time to tell a larger story about Hollywood and the shifting dialogue about race power and access Corson shows how these directors are a key part of the continuum of African American cinema and how they have shaped popular culture over the past quarter century **Eye of the Taika** Matthew Bannister,2021-10-19 Innovative study of Taika

Waititi whose Maori and Jewish roots influence his distinctive New Zealand comedic style Eye of the Taika New Zealand Comedy and the Films of Taika Waititi is the first book length study of comic film director and media celebrity Taika Waititi Author Matthew Bannister analyses Waititi s feature films and places his other works and performances short films TV series advertisements music videos and media appearances in the fabric of popular culture The book s thesis is that Waititi s playful comic style draws on an ironic reading of NZ identity as Antipodean camp a style which reflects NZ s historic status as colonial underdog The first four chapters of Eye of the Taika explore Waititi s early life and career the history of New Zealand and its film industry the history of local comedy and its undervaluation in favor of more serious art and ethnicity in New

Zealand comedy Bannister then focuses on Waititi's films beginning with *Eagle vs Shark* 2007 and its place in New Geek Cinema despite being an outsider even in this realm Bannister uses *Boy* 2010 to address the comedian comedy arguing that Waititi is a comedic entertainer before being a director With *What We Do in The Shadows* 2014 Bannister explores Waititi's use of the vampire as the archetypal immigrant struggling to fit into mainstream society under the guise of a mockumentary Waititi's *Hunt for the Wilderpeople* 2016 Bannister argues is a family friendly rural based romp that plays on and ironizes aspects of Aotearoa New Zealand identity *Thor Ragnarok* 2017 launched Waititi into the Hollywood realm while introducing a Polynesian perspective on Western superhero ideology Finally Bannister addresses *Jojo Rabbit* 2019 as an anti hate satire and questions its quality versus its topicality and timeliness in Hollywood By viewing Waititi's career and filmography as a series of pranks Bannister identifies Waititi's playful balance between dominant art worlds and emergent postcolonial innovations New Zealand national identity and indigenous Aotearoan and Jewish roots and masculinity and androgyny *Eye of the Taika* is intended for film scholars and film lovers alike

Abjection Incorporated Maggie Hennefeld, Nicholas Sammond, 2020-01-17 From the films of Larry Clark to the feminist comedy of Amy Schumer to the fall of Louis C K comedic graphic and violent moments of abjection have permeated twentieth and twenty first century social and political discourse The contributors to *Abjection Incorporated* move beyond simple critiques of abjection as a punitive form of social death illustrating how it has become a contested mode of political and cultural capital empowering for some but oppressive for others Escaping abjection s usual confines of psychoanalysis and aesthetic modernism core to theories of abjection by thinkers such as Kristeva and Bataille the contributors examine a range of media including literature photography film television talking dolls comics and manga Whether analyzing how comedic abjection can help mobilize feminist politics or how expressions of abjection inflect class race and gender hierarchies the contributors demonstrate the importance of competing uses of abjection to contemporary society and politics They emphasize abjection s role in
